End Of Days The Apocalyptic Writings:

The End of Days, 2007 Offering context for the wide variety of historical and contemporary Christian beliefs about the end times and incorporating writings from Augustine and other Church Fathers guides you through the fascinating intricate world of apocalyptic literature

The End of Days Robert G. Clouse, 2014-05-07 Teachings about the end times can clarify your beliefs and energize your own spiritual journey Christian concepts of the end times involve complex beliefs that have developed over the centuries They range from popular ideas about the rapture when believers will be swept up to meet Christ in the air to suspicions about the Antichrist who will deceive and enslave the world to teachings about the millennium when Christ himself will return victoriously to earth to reign in peace for a thousand years And Christians have disagreed sometimes violently on exactly how and when these events will occur or whether they will occur at all With insightful and broad knowledge of the historical religious and contemporary contexts of these writings distinguished scholar Robert G Clouse guides you through the fascinating and intricate world of apocalyptic literature He examines key verses from Christian and Hebrew scriptures visionary writings from Augustine and other Church Fathers accounts of radical millennial movements of the 1600s bold sermons from preachers such as Jonathan Edwards and Dwight L Moody and popular books circulating in our own day including 1970s prophecy sensation The Late Great Planet Earth and the mega bestselling Left Behind novels Accessible facing page commentary explains the apocalyptic writings for you even if you have no previous knowledge of Christian teachings on the end times Will Christ come on the clouds in power and in judgment Or is it up to us to usher in the golden age of the millennium Or is the millennium spiritual made real only within believers hearts This book will help you understand the complex Christian visions of the end of the world

End of Days Joseph B. Lumpkin, Joyce Dujardin, 2007 Is mankind headed for destruction How will it all end When will it happen What is man s destiny Will we die by our own hand or by the hand of God For thousands of years the questions have been the same Millions of souls have searched for the answers to no avail nevertheless some believed they knew We call them prophets They saw the end of our world and they believed their visions were true Are we to believe their God given insights into the End Of Days Perhaps God did pull back the curtain that blinds man to his future Maybe these writers did see the end and how it would come upon us The prophets of doom revealed a scenario of global cataclysm They tell the story of rulers bankrupting nations to fund tremendous wars They tell of weather gone awry of ice and snow rain and floods hurricanes and earthquakes where seldom they occurred They tell us of what is happening all around us today

End of Days Carolyn Kinane, Michael A. Ryan, 2014-01-10 The idea of the complete annihilation of all life is a powerful and culturally universal concept As human societies around the globe have produced creation myths so too have they created narratives concerning the apocalyptic destruction of their worlds This book explores the idea of the apocalypse and its reception within culture and society bringing together 17 essays that explore both the influence and innovation of apocalyptic ideas from classical Greek and Roman

writings to the foreign policies of today's United States *The Apocalyptic Literature* Stephen L. Cook, 2003 Biblical texts create worlds of meaning and invite readers to enter them When readers enter such textual worlds which are strange and complex they are confronted with theological claims With this in mind the purpose of the IBT series is to help serious readers in their experience of reading and interpreting by providing guides for their journeys into textual worlds The focus of the series is not so much on the world behind the text as on the worlds created by the texts in their engagement with readers Nowhere is the world of the biblical text stranger than in the apocalyptic literature of both the Old and New Testaments In this volume Stephen Cook makes the puzzling visions and symbols of the biblical apocalyptic literature intelligible to modern readers He begins with definitions of apocalypticism and apocalyptic literature and introduces the various scholarly approaches to and issues for our understanding of the text Cook introduces the reader to the social and historical worlds of the apocalyptic groups that gave rise to such literature and leads the reader into a better appreciation and understanding of the theological import of biblical apocalyptic literature In the second major section of the book Cook guides the reader through specific examples of the Bible's apocalyptic literature He addresses both the best known examples the biblical books of Daniel and Revelation and other important but lesser known examples Zechariah and some words of Jesus and Paul

End of Days Wendell G. Johnson, 2017-07-14 Covering religious traditions ranging from Buddhism to Christianity to Zoroastrianism and modern apocalyptic movements such as Arun Shinrikyo and the Branch Davidians this book addresses prophesied end of days from a breadth of perspectives and includes material on often neglected themes and genres End of Days An Encyclopedia of the Apocalypse in World Religions describes apocalyptic writings in the world's major religious traditions including Judaism Christianity Islam Hinduism and Buddhism The cross referenced entries address ancient traditions Zoroastrianism as one example as well as modern apocalyptic movements such as Arun Shinrikyo the Branch Davidians and the Order of the Solar Temple This book's broad scope offers coverage of overlooked traditions such as Mayan Apocalyptic Norse Apocalyptic Native American eschatological literatures and the Tibetan Book of the Dead Readers seeking detailed information on the eschatological and apocalyptic movements and proponents of End Times can reference entries about individuals such as Harold Camping Jerry Falwell David Koresh of the Branch Davidians and James Jones and the People's Temple This single volume encyclopedia also contains numerous historical entries on subjects such as the Great Disappointment the Great Awakening periods of religious revival Joachim of Flora the Maccabean Revolt and the Plymouth Brethren The influence of apocalyptic ideas far outside the realm of religion itself is documented through entries on film including well known modern movies such as The Hunger Games and Apocalypse Now literature by writers such as Dante and works of fine art like Wagner's Götterdämmerung The inclusion of entries related to literature film and other art forms further attests to the wide ranging social influence of belief in the end of days **Essays in Apocalypse** Terry James, 2018-07-01 A tense world struggles in chaos and the clock is ticking Events are aligning as mankind spirals into anger

war fear and hopelessness Nations are at odds with populism and globalism Political leaders and dictators vie for power and influence Looking back you wonder how did we get here Yet these events are only signposts to the real future of mankind the prophetic end of days Globalism and Israel remain the two important factors to understanding key biblical prophecies Signals abound that this generation is on the edge of experiencing a transition into the Tribulation There may be no more dramatic proof that this sudden change is about to happen than what has resulted from the election of Donald J Trump as president of the United States In addition to being staunchly anti globalism Trump is stridently pro Israel moving the American Embassy from Tel Aviv to Jerusalem is proof Now discover Why Israel is such an important target for Satan How America is part of the biblical prophecies Which country is Babylon the Great and why it will be destroyed Follow prophecy expert Terry James as he shares a collection of pivotal essays from 2015 to 2017 that reveal and highlight the prophetic clues that have brought us to this point in the countdown to a coming judgment It all comes down to a single question are you prepared for what is to come

A Catholic Commentary on Holy Scripture Bernard Orchard,1953 *The Book of Daniel and the End of Days* Ariel Tzadok,2011-11-12 The Bible does not present one set clear scenario as to how the End of Days are to unfold all the more so as to when they will begin or end Since Biblical times the End of Days has been a hot topic with almost every generation believing that theirs was the End of Days To this day we see that each generation to have believed so was mistaken Yet what they believed and why they believed it needs to be understood The fear of the End of Days seems to be something deeply ingrained in the human psyche Before we can ever understand why this is so from a psychological point of view we must first understand the concept of the End of Days how it developed and how it has become the fearsome giant that it has become A full and comprehensive investigation of the concept of the Apocalypse the destruction of the old world to make way for the new which comes in the End of Days is now appropriate By understanding the origins of the concept of Apocalypse and its relationship to the End of Days we can come to terms with elements in modern religious circles Jewish Christian and Muslim each of which has developed out of original and ancient Apocalyptic End of Days religious beliefs and expectations
