**Endangered Languages** Sarah G. Thomason, 2015-04-23 Most of the 7 000 languages spoken in the world today will vanish before the end of this century taking with them cultural traditions from all over the world as well as linguistic structures that would have improved our understanding of the universality and variability of human language This book is an accessible introduction to the topic of language endangerment answering questions such as what is it How and why does it happen Why should we care The book outlines the various causes of language endangerment explaining what makes a language safe and highlighting the danger signs that threaten a minority language Readers will learn about the consequences of losing a language both for its former speech community and for our understanding of human language Illustrated with case studies it describes the various methods of documenting endangered languages and shows how they can be revitalised

The Cambridge Handbook of Endangered Languages Peter K. Austin, Julia Sallabank, 2011-03-24 It is generally agreed that about 7 000 languages are spoken across the world today and at least half may no longer be spoken by the end of this century This state of the art Handbook examines the reasons behind this dramatic loss of linguistic diversity why it matters and what can be done to document and support endangered languages The volume is relevant not only to researchers in language endangerment language shift and language death but to anyone interested in the languages and cultures of the world It is accessible both to specialists and non specialists researchers will find cutting edge contributions from acknowledged experts in their fields while students activists and other interested readers will find a wealth of readable yet thorough and up to date information

*Handbook of Descriptive Linguistic Fieldwork* Shobhana L. Chelliah, Willem J. de Reuse, 2010-10-06 The Handbook of Descriptive Linguistic Fieldwork is the most comprehensive reference on linguistic fieldwork on the market bringing together all the reader needs to carry out successful linguistic fieldwork Based on the experiences of two veteran linguistic fieldworkers and advice from more than a twenty active fieldwork researchers this handbook provides an encyclopedic review of current publications on linguistic fieldwork and surveys past and present approaches and solutions to problems in the field and the historical political and social variables correlating with fieldwork in different areas of the world The discussion of the ethical dimensions of

fieldwork as well as what constitutes the typical linguistic fieldwork setting or consultant is explored from multiple perspectives relevant to fieldwork on every continent Included is information omitted in most other texts on the subject such as the collection representation management and methods of extracting grammatical information from discourse and conversational data as well as the relationship between questionnaire based elicitation text based elicitation and philology and the need for combinations of these methods The book is useful before during and after linguistic field trips since it provides extensive practical macro and micro organization and planning fieldwork tips as well as a handy sketch of major typological features for use in linguistic analysis Comprehensive references are provided at the end of each chapter as resources relevant to the reader s particular interests

On the Border of Language and Dialect Marjatta Palander, Helka Riionheimo, 2018-04-23 This volume considers the linguistic borders between languages and dialects as well as the administrative cultural and mental borders that reflect or affect linguistic ones it comprises eight articles examining the mental borders between dialects dialect continua and areas of mixed dialect language ideologies language mixing and contact induced language change The book opens with Dennis R Preston s review article on perceptual dialectology showing how this field of study provides insights on laymen s perceptions about dialect boundaries and how such perceptions explain regional and social variation Johanna Laakso problematizes the common notion of languages as having clear cut boundaries and stresses the artificialness and conventionality of linguistic borders Vesa Koivisto introduces the Border Karelian dialects as an example of language and dialect mixing Marjatta Palander and Helka Riionheimo s article examines the mental boundaries between Finnish and Karelian demonstrated by the informants when recalling their fading memories of a lost mother tongue Niina Kunnas focuses on how speakers of White Sea Karelian perceive the boundaries between their language and other varieties Within the framework of language ideology Tam s P ter Szab highlights the ways in which linguistic borders are interactionally co constructed in the school environment in Hungary and Finland Anna Riitta Lindgren and Leena Niiranen present a contact linguistic study investigating the vocabulary of Kven a variety lying on the fuzzy boundary of a language and a dialect Finally Vesa Jarva and Jenni Mikkonen approach demographically manifested linguistic boundaries by examining the Old Helsinki slang a mixture of lexical features derived from Finnish and Swedish Together the articles paint a picture of a multidimensional multilingual variable and ever changing linguistic reality where diverse borders boundaries and barriers meet intertwine and cross each other As a whole the articles also seek to cross disciplinary and methodological boundaries and present new perspectives on earlier studies

**Language Contact, Colonial Administration, and the Construction of Identity in Ancient Israel** Samuel L. Boyd, 2021-02-15 In *Language Contact Colonial Administration and the Construction of Identity in Ancient Israel* Boyd addresses a long standing critical issue in biblical scholarship how does the production of the Bible relate to its larger historical linguistic and cultural settings in the ancient Near East Using theoretical advances in the study of language contact he examines in detail the sociolinguistic landscape during the Assyrian

Babylonian and Achaemenid periods Boyd then places the language and literature of Ezekiel and Isaiah in this sociolinguistic landscape Language Contact Colonial Administration and the Construction of Identity in Ancient Israel offers the first book length incorporation of language contact theory with data from the Bible As a result it allows for a reexamination of the nature of contact between biblical authors and a series of Mesopotamian empires beginning with Assyria The Harvard Semitic Monographs series publishes volumes from the Harvard Museum of the Ancient Near East Other series offered by Brill that publish volumes from the Museum include Harvard Semitic Studies and Studies in the Archaeology and History of the Levant <https://hmane.harvard.edu/publications>      The ^AOxford Handbook of Endangered Languages Kenneth L.
