Ending Science Wars John Baldwin Ebook

Derek J. Thiess

Ending Science Wars John Baldwin Ebook:

The Rough Guide to Bath, Bristol & Somerset (Travel Guide eBook) Rough Guides, 2016-03-01 From the genteel Georgian terraces of Bath to the wilderness expanses of Exmoor the fully updated The Rough Guide to Bath Bristol Somerset provides an all round account of this richly rewarding region with comprehensive details of what to see what to do and where to sleep eat and drink Useful context and background information accompany all the practicalities interspersed with vivid full colour photos and some of the clearest maps to be found in any guidebook Rough Guides local experts cover high culture and street art from the architectural glory of Wells Cathedral to Bristol's exuberant murals as well as all the options for getting active including cycling on the Somerset Levels and hiking in the Quantock Hills Alongside information on the best local festivals there are full reviews of the worthiest restaurants and the most characterful pubs Beyond the borders of Somerset but within easy reach The Rough Guide to Bath Bristol Somerset also takes in such hotspot destinations as Salisbury and Stonehenge as well as the full on family attraction of Longleat Make the most of your holiday with The Rough Guide to Bath Bristol Somerset

Can Science End War Everett Dolman, 2015-10-19 Free roaming killer drones stalk the battlespace looking for organic targets Human combatants are programmed to feel no pain Highpower microwave beams detonate munitions jam communications and cook internal organs Is this vision of future war possible or even inevitable In this timely new book Everett Carl Dolman examines the relationship between science and war Historically science has played an important role in ending wars think of the part played by tanks in breaching trench warfare in the First World War or atom bombs in hastening the Japanese surrender in the Second World War but to date this has only increased the danger and destructiveness of future conflicts Could science ever create the conditions of a permanent peace either by making wars impossible to win or so horrific that no one would ever fight Ultimately Dolman argues that science cannot on its own end war without also ending what it means to be human

American Fantastic Derek J. Thiess, 2025-12-02 American Fantastic challenges readers to recognize an organizing myth in America's perception of its imperialist past the myth of redemptive violence Derek J Thiess persuasively argues that this myth serves to obscure the deep thread of Christian supremacy that underwrites America's colonial and imperial impulses from the early colonial period to westward expansion to the contemporary global order This American imaginary which enmeshes religion with violence is constructed in multiple contentious and productive contact zones between genres between cultures and between past and present Thiess's interdisciplinary study examines America's past and present imperial projects from the Hawaiian Islands to the Eastern Seaboard as they proliferate in popular story forms By interrogating American myths legends and fantastic narratives across an impressive array of genres including folk narratives science fiction movies and more Thiess exposes how the myth of redemptive violence manifests in contemporary constructions of America's fantastic imaginaries
