 Johannes Adrianus Bernardus Buitenen, James L. Fitzgerald, 1973 The second longest poem in world literature this is an epic tale replete with legends romances theology and metaphysical doctrine written in Sanskrit One of the foundational elements of Hindu culture this work in its entirety consists of 75 000 stanzas in eighteen books and this volume marks the resumption of its first complete modern English translation From book jacket      **Enemies and Allies** Joel Wagman, 2012      **Trust Companies**, 1918      Federal Law Quarterly, 1918      The Mahabharata, Volume 7 James L. Fitzgerald, 2020-07-10 What is found in this epic may be elsewhere What is not in this epic is nowhere else from The Mahabharata The second longest poem in world literature The Mahabharata is an epic tale replete with legends romances theology and metaphysical doctrine written in Sanskrit One of the foundational elements in Hindu culture this great work consists of nearly 75 000 stanzas in eighteen books and this volume marks the much anticipated resumption of its first complete modern English translation With the first three volumes the late J A B van Buitenen had taken his translation up to the threshold of the great war that is central to the epic Now James Fitzgerald resumes this work with translations of the books that chronicle the wars aftermath The Book of Women and part one of The Book of Peace These books constitute volume 7 of the projected ten volume edition Volumes 4 5 6 8 9 and 10 of the series will be published over the next several years In his introductions to these books Fitzgerald examines the rhetoric of The Mahabharatas representations of the wars aftermath Indeed the theme of The Book of Women is the grief of the women left by warriors slain in battle The book details the keening of palace ladies as they see their dead husbands and sons and it culminates in a mass cremation where the womens tears turn into soothing libations that help wash the deaths away Fitzgerald shows that the portrayal of the womens grief is much more than a sympathetic portrait of the sufferings of war The scenes of mourning in The Book of Women lead into a crisis of conscience that is central to The Book of Peace and Fitzgerald argues the entire Mahabharata In this book the man who has won power in the great war is torn between his own sense of guilt and remorse and the obligation to rule which ultimately he is persuaded to embrace The Mahabharata is a powerful work that has inspired awe and wonder for centuries With a penetrating glimpse into the trauma of war this volume offers two of its most timely and unforgettable chapters      **Women in Between** Marilyn Strathern, 1995 In 1971 Marilyn Strathern provided what has now become a classic ethnographic text *Women In Between* Significantly this pioneering contribution to feminist anthropology focuses on gender relations rather than on women alone Re issued now *Women in Between* examines the attitudes of the Hagen people and analyzes the power of women in their male dominated system Strathern cites case studies of marriage arrangements divorce and traditional settlement disputes to illustrate womens status in Hagen society      *Greater New York*, 1918      **Federal Reserve Bulletin**, 1918      *Friends and enemies* Karen Garner, 2021-08-17 This history of Anglo American efforts to overturn Ireland s neutrality policy during the Second World War adds complexity to the grand narrative of the Western Alliance against the Axis Powers exploring relatively unexamined

emotional personalised and gendered politics that underlay policymaking and alliance relations Friends and enemies combines the methodologies of diplomatic history through its close reliance on archival documentation with attention to new theoretical understandings regarding the roles played by personal friendships and enmities and competing masculine ideologies among national leaders Including Winston Churchill Franklin Roosevelt and Eamon de Valera and their close foreign policy advisers in London Washington DC and Dublin as they constructed national identities and defined their nations special relationships in time of war      **Papers Relating to the Foreign Relations of the United States** United States.
