Prisoners of the Home Front Martin F. Auger, 2011-11-01 In the middle of the most destructive conflict in human history almost 40 000 Germans civilians and prisoners of war were detained in internment and work camps across Canada Five internment camps were located on the southern shores of the St Lawrence River in the province of Quebec at Farnham Grande Ligne le aux Noix Sherbrooke and Sorel Prisoners of the Home Front details the organization and day to day affairs of these internment camps and reveals the experience of their inmates Martin Auger shows how internment imposed psychological and physical strain in the form of restricted mobility sexual deprivation social alienation and lack of physical comfort In response Canadian authorities introduced labour projects and education programs to uphold morale thwart internal turmoil and prevent escapes These initiatives were also intended to expose prisoners to the values of a democratic society and prepare them for postwar reintegration Auger concludes that Canada abided by the Geneva Convention its treatment of German prisoners was humane Prisoners of the Home Front sheds light on life behind barbed wire filling an important void in our knowledge of the Canadian home front during the Second World War Behind Barbed Wire

Alexander Mikaberidze,2023 An indispensable reference on concentration camps death camps prisoner of war camps and military prisons offering broad historical coverage as well as detailed analysis of the nature of captivity in modern conflict. This comprehensive reference work examines internment forced labor and extermination during times of war and genocide with a focus on the 20th and 21st centuries and particular attention paid to World War II and recent conflicts in the Middle East It explores internment as it has been used as a weapon and led to crimes against humanity and is ideal for students of global studies history and political science as well as politically and socially aware general readers. In addition to entries on such notorious camps as Abu Ghraib Andersonville Auschwitz and the Hanoi Hilton the encyclopedia includes profiles of key perpetrators of camp and prison atrocities and more than a dozen curated and contextualized primary source documents that further illuminate the subject Primary sources include United Nations documents outlining the treatment of prisoners of war government reports of infamous camp and prison atrocities and oral histories from survivors of these notorious facilities

Ronald Bishop, 2015-06-03 Though much has been said about Japanese American incarceration camps little attention is paid to the community newspapers closest to the camps and how they constructed the identities and lives of the occupants inside Dependent on government and military officials for information these journalists rarely wrote about the violation of the evacuees civil rights Instead they concentrated on the economic impact the camps and the evacuees who would replace workers off to enlist in the military and work for defense contractors would have on the areas they covered Newspapers like the Cody Enterprise and Powell Tribune in Wyoming the Lamar Daily News and the Casa Grande Dispatch regularly published overly optimistic updates on the progress of construction the size of the contractor payrolls and the amount of materials used to build the camps Ronald Bishop and his coauthors reveal how journalists positioned the incarceration camps as a potential economic boon and how evacuees were framed as another community group there to contribute to the region s economic well being Community Newspapers and the Japanese American Incarceration Camps examines the rhetoric and journalistic approach of the local papers and how they informed the communities just outside their walls This book will appeal to scholars of history and journalism Behind Barbed Wire Deborah G. Lindsay, 2020 Most people associate concentration camps with Nazi Germany Behind Barbed Wire examines how these notorious World War II camps actually reflected a previous use of the system a system that began almost a century earlier In truth Adolf Hitler had studied the American Indian Reservations as he plotted his regime s attack on European Jews and other minorities Remarkably in the years between the reservations and the Nazi camps the United States along with several other Western powers implemented concentration camps throughout the globe each instance employing more and more barbaric measures with harsher and harsher outcomes Behind Barbed Wire explains how these nations dubiously justified camp operations by citing military counterinsurgency tactics containment policies and simply the ability to prosecute war more easily This brief history addresses the subliminal reasons for relocating hundreds of thousands of civilians why the system became so prevalent and how concentration camps existed under the cover of armed conflict It argues that most often camps can be facilitated only under the guise of war Anyone with an interest in military history World War II concentration camps and the plight of the Jews will discover how all these topics converge into a compelling story of war bigotry and military might Behind Barbed Wire also sheds light on the concentration camp systems that have been employed since the fall of the Nazi dictatorship With current geopolitical issues focusing on elitism xenophobia deplorables terrorism and military necessity this book offers some understanding about the unintended consequences of policy The Complete Directory for People with Disabilities Sedgwick Press, 2006
