Encyclopedia of Health Information Sources Paul Wasserman, 1987. Approximately 13,000 citations for publications, organizations, and other sources of information on more than 450 health-related subjects. Arranged under both general and specific subjects. Each subject entry lists bibliographical information for abstract services and indexes, annuals, reviews, and yearbooks, associations and professional societies, handbooks and manuals, online databases, periodicals, popular works, and patients' education, research centers, institutes, and clearinghouses, and textbooks and general works. Many cross-references.

Forthcoming Books Rose Arny, 1998-06 **Evaluation of Quality in Health Care for DNPs, Third Edition** Joanne V. Hickey, Eileen R. Giardino, 2021-07-06. Now in its third edition, this award-winning text work is the only advanced practice nursing text to present effective, systematic and in-depth evaluations of all aspects of health care quality. Comprehensive in scope, it distills best practice information from numerous sources to facilitate utmost competency for APN and DNP graduates. The third edition keeps pace with the rapidly evolving healthcare market by presenting a more comprehensive range of evaluation strategies for analyzing quality, safety, and value in healthcare practice and programs. It provides a completely new chapter on evaluation of simulation programs to improve clinician competency and patient care technology. An increased focus on the application of quality improvement is woven throughout, including the quality improvement research continuum and an emphasis on interdisciplinary collaboration and teamwork. New case studies, specific examples from a variety of QI projects, and content specifically geared to improve teamwork also add to the book's outstanding value. The text also delves into the theoretical basis of evaluation and its application as an integral part of contemporary practice. It includes evaluation models that enable nurses to address economic and financial viability and guides readers through the translation of outcomes from evaluation into health care policy. Additionally, the text now includes PowerPoints for instructors. New to the Third Edition: New chapter, Evaluation of Simulation to Support Ongoing Competency in the HC Workforce. Additional case studies and specific examples from QI projects. Increased focus on teamwork and collaboration. Enhanced discussion of theoretical foundations of evaluation approaches. New focus on program evaluation and dissemination of findings.
