The Ultimate History of the '80s Teen Movie James King, 2019-03-19 For fans of The Movies That Made Us a behind the scenes look at what went into making the favorite blockbuster films of the 1980s A trip back to the era of troubled teens and awesome soundtracks of Reagan rap and Ridgely High of MTV VHS and Axel F of outsiders lost boys and dead poets of Bill and Ted Brooke Shields and the Brat Pack of three Porky s flicks two Coreys and one summer when Baby refused to be put in a corner The Ultimate History of the 80s Teen Movie goes behind the scenes of a genre where cult hits mingled with studio blockbusters where giants like Spielberg and Coppola rubbed shoulders with baby faced first timers and where future superstars Sean Demi and Tom all got their big break Music comedy and politics all play a part in the surprisingly complex history of the 80s teen movie And while the films might have been aimed primarily at adolescents the best tackle universal issues and remain relevant to all ages From a late 70s Hollywood influx to an early 90s indie scene that gave youth cinema a timely reboot film expert James King highlights the personal struggles the social changes and the boardroom shake ups that produced an iconic time in movie history Admirably opting for analysis over nostalgia and gossip King examines the origin production and cultural afterlife of seemingly every youth centric 1980s movie you ve ever heard of and more An excellent adventure through a distinct and genre spanning era in cinema history For casual movie fans and industry minded cinephiles alike Library Journal
