Social TV Cory Barker, 2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries On March 15 2011 Donald Trump changed television forever The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real time reactions on Twitter generating more than 25 000 tweets and making the broadcast the most watched Roast in Comedy Central history The trumproast initiative personified the media and tech industries utopian vision for a multi screen and communal live TV experience In *Social TV* Multi Screen Content and Ephemeral Culture author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on demand streaming video Barker examines the rise and fall of Social TV across press coverage corporate documents and an array of digital ephemera He demonstrates that despite the talk of disruption the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy Case studies from broadcast networks to tech start ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period To trace these unfulfilled promises and flopped ideas Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally marginalized amid pivots to the next big thing Yet in placing this now forgotten material in recent historical context Social TV shows how the era altered how the industry pursues audiences Multi screen campaigns have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life

Popky, 2016-11-03 Marketing today is out of control With all the new marketing techniques accessible to the masses it s becoming harder and harder to stand out from the crowd The result is more and more messages hitting us more often in new and more intrusive ways For customers it s a lot of noise Through her work with a wide range of organizations from small companies to professional service providers to Fortune 500 companies Linda Popky has developed Dynamic Market Leverage TM an approach to help cut through the clutter stand out and effectively build business Marketing Above the Noise takes a contrarian approach by not focusing on social media digital

marketing or other new tactics and instead helping organizations understand The critical upfront work needed to really understand customers markets and unmet needs The value of consistent focused messaging Why empowering employees to effectively represent the brand is so critical How to thrive in an age of user generated content and customer driven marketing Why it s key not to confuse selling with installing The book introduces the Dynamic Market Leverage Model which measures marketing clout by looking at eight core marketing disciplines and five additional Leverage Factors that can help an organization focus on key aspects of their marketing function that will provide the most significant return on their marketing investment Today s businesses need to stop trying to keep pace with the latest and greatest marketing tactics and instead focus on developing those long term strategies that build customer loyalty and convince prospects to buy Yes businesses need to be aware of and integrate new media and new approaches but they need to do it in a way that makes sense for the business They need to maintain a clear focus above the din of the roaring crowd above the marketing fray Most organizations don t have the luxury of being able to start from a clean slate to develop new marketing strategies They have existing customers existing channels and relationships existing ways of doing business With limited resources they re not able to integrate every new tactic as it appears and they re not sure how to prioritize all of these options What s needed is a timeless framework a way of looking at marketing as tied to both business growth and the building and nurturing of ongoing customer engagement It s time to move the focus from social media and evangelists sales and marketing alignment and the latest hot cloud based marketing tools to what really counts convincing customers to trust you with their business not just once but time and time again
