Engaging Scripture A Model For Theological Interpretation:

Engaging Scripture Stephen E. Fowl, 2008-10-14 Engaging Scripture proposes that Christians must read Scripture theologically redressing the recent domination of professional scholarship in this area by historical criticism Drawing on the best interpretive traditions of the past Fowl develops argues for and displays a new model for the theological interpretation of Scripture This interpretive framework should enable Christians and particularly Christian theologians to interpret Scripture in a way that helps them to live and worship faithfully Theological and theoretical questions are illustrated by reference to particular Christian convictions practices and concerns in the United States and Britain and by engaging scriptural passages These serve as examples of the sort of interpretation Fowl is advocating In summary the book looks toward bridging the chasm that arose between biblical studies and theological study following the rise of modernity

Theological Interpretation of Scripture Stephen E. Fowl, 2009-08-01 Christians have been interpreting Scripture with an aim of deepening their life with God and each other from the very beginning of the church The past twenty years or so have witnessed an explosion of scholarly writing devoted to the theological interpretation of Scripture Stephen Fowl as an active participant in and contributor to the burgeoning literature has written an ideal companion for guests at the large and somewhat chaotic party introducing them to important people texts and issues The companion explores some of the connections between the long running and essential Christian practice of theological interpretation and the more recent body of scholarly literature Ultimately the companion hopes to encourage readers to join the party in their own right

Practicing Theological Interpretation Joel B. Green, 2011 A widely recognized biblical scholar demonstrates both the practice of theological interpretation and the fruitfulness of this approach to biblical texts *Practicing Theological Interpretation (Theological Explorations for the Church Catholic)* Joel B. Green, 2012-01-01 Much is written about the theory of theological interpretation but how does it apply to actually working with biblical texts This volume shows that theological interpretation is not so much an exegetical method as it is a practice concerned with Scripture's role in the faith and formation of persons and church communities Widely recognized biblical scholar Joel Green demonstrates both the practice of theological interpretation and the fruitfulness of this approach to reading biblical texts providing students with helpful ways of wrestling with knotty interpretive issues He also explores how theological inquiry can coexist with rigorous academic study of the Bible

Reading the Sacred Text V. George Shillington, 2002-12-01 A comprehensive manual for anyone wishing to become competent in reading and understanding the Scriptures of the Judeo Christian tradition The chapters of this book introduce the reader to all aspects of biblical studies They guide the reader through the maze from Venturing In to Negotiated Reading There are sections on for example considering the self consciousness of the reader interpreter the interaction of the tradition with the text of Scripture through the ages the various literary genres together with the principal forms within the larger biblical documents ways of reading the text in the modern and post modern periods how the

academic reading of Scripture and the church reading interact the relation between competent reading of the sacred text and the preparation and delivery of the sermon the place of dialogue in the interpretive process The conclusion sums up the discussion throughout the book and focuses the issues for a competent reading of the Bible and related writings Student friendly features include at the end of each chapter An Objective summarizing the content and objective of the chapter 12 14 lead questions with act as in depth study exercises Full bibliography and suggestions for further reading

Hermeneutics, Linguistics, and the Bible Stanley E. Porter, 2024-01-25 The volume presents Stanley E Porter s considered thoughts and reflections on key questions of meaning and context addressing the problems of biblical interpretation and how a close collaboration between hermeneutics and linguistics can help to solve them The chapters display Porter s work in both fields examining how hermeneutics functions as a field in modern biblical studies and how the quest for meaning in biblical texts is underpinned by the study of linguistics The volume focuses on context for understanding the meanings of biblical texts Porter suggests that linguists can learn more from the philosophical questions around meaning that hermeneutics apply in their study of biblical texts and that there is more fruitful work to be done in the field of hermeneutics using insights from linguistics

Theologies of Retrieval Darren Sarisky, 2017-11-30 One of the most significant trends in academic theology today which emerges within Protestant Roman Catholic and Orthodox points of view is the growing interest in theologies of retrieval This mode of thinking puts a special stress upon subjecting classic theological texts to a close reading with a view toward using the resources that they provide to understand and address contemporary theological issues This volume offers an understanding of what theologies of retrieval are what their rationale is and what their strengths and weaknesses are The contributions provided by a distinguished team of theologians answer the important questions that existing work has raised expand on suggestions that have not yet been fully developed summarize ideas to highlight themes that are relevant to the topics of this volume and air new critiques that will spur further debate

Befriending Scripture Jonathan Rowlands, 2025-10-16 What are the unspoken assumptions that animate and give rise to current discussions about theological hermeneutics What cultures of reading are currently at play in the Church and the academy What cultures of reading ought to be at play In Befriending Scripture Jonathan Rowlands suggests that much modern biblical hermeneutics has paid insufficient attention to the foundations of theological reading For theological interpretation to make meaningful progress in both methodology and results the very foundations of what it means to read and to read theologically must be examined and articulated afresh In this detailed and wide ranging work Rowlands addresses various topics relating to the Scripture s reading in the Church including questions of Scripture s ontology biblical hermeneutics literary theory antisemitism historiography and spiritual formation amongst others By rethinking Theological Interpretation of Scripture from its very foundations Rowlands mediates between historical and theological approaches In doing so he offers a vision for theological reading that bridges the continuing disciplinary divide between biblical studies and systematic theology
