pioneer college As the train pulled out of Portland the landscape that unrolled to the eastward was a revelation to the Easterners who largely composed the excursionists As elevation was gained and the deep canyons were crossed in the southern part of town the peaks of the Cascade range seemed to take added height Hood s head was pillowed on a bank of cumulus clouds that hugged the horizon reaching to the southward Another cloud floated so as to cast a visible shadow across the snowy fields of St Helens Both mountains stood out boldly though there was enough haze in the air to give what artists call atmosphere to the picture The rugged line of mountains was in full view and the dark green of the timbered slopes was broken in the middle ground by cultivated fields About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Books on Education in the Libraries of Columbia University* Columbia University.
