Exit A Novel About Dying:

Exit - A Novel about Dying Jo Kline Cebuhar, 2014-06-20 Do terms such as life prolonging measures and advance directives leave you dazed and confused Have you ever wondered what it means to have a good death Does deciding when enough is enough for a dying loved one sound like an overwhelming responsibility You're not alone Meet Margaret Williams It's been four months since Margaret's husband Ernie died They were married for forty one years Now they aren't So Margaret has agreed to try volunteering at Rockaway House even though she isn't at all convinced that it's a good idea In the small town of Chesterton Iowa Rockaway House is like no other home Everyone who comes here dies here because Rockaway House is a hospice For Margaret although it would be grand to find a real purpose for her life whatever may be left of it honestly she'd be glad just to have a reason to get up in the morning But as it turns out Rockaway House becomes a blessing greater than Margaret would ever have dared wish for The patients inspiring and lovable and confounding come to Rockaway House for comfort and to say goodbye They too get more than they bargained for when they find peace and hope and forgiveness And along with the staff and volunteers they discover treasures of heart and hearth and meet a family from another time that at long last gets to share its story and its invaluable legacy An attorney and author of the award winning books *Last things first* just in case *The practical guide to Living Wills and Durable Powers of Attorney for Health Care* and *SO GROWS THE TREE* Creating an Ethical Will Jo Kline Cebuhar blends her legal expertise with her story telling skills to weave a tale of love laughter and the meaning of legacy in her first novel *EXIT* Travel with Jo to meet the inspiring folks of Rockaway House and share their wisdom on the meaning of a good death and a good life Mark Bennett *Terre Haute Tribune Star* The message centers on end of life health care practices but delivers it with touching and funny vignettes about navigating that inevitability

Bequeath Melora Wolff, 2024-09-13 What should we do with the things we inherit In ten intimate essays as vivid as fiction and as varied as music Melora Wolff's *Bequeath* presents a flawed funny impressionable narrator who tries to solve the mysteries of bequeathed artifacts family myths and haunting mistakes while also figuring out how to grow up in dangerous glamorous 1970s New York City With a wide range of voices comic lyric collective personal joyful and deeply elegiac Wolff pays homage to her musician father and family as she roams a past rich with cultural touchstones and indelible characters from *West Side Story* and *Lost in Space* to Leonard Bernstein and Gloria Steinem *Bequeath* explores the legacies we impose and bestow on one another

Exploring End of Life Experience Helen Besemeres, 2023-10-21 The groundbreaking contribution made by this unique book draws on the experiences recorded by five people who are facing death Jenny Diski Philip Gould Christopher Hitchens Michael Mayne and Cory Taylor Analysing the key themes that emerge from a psychodynamic perspective the book describes how the memoirists respond to the first shock of receiving a terminal diagnosis how they meet the challenge of continuing an active life when the illusion of an open ended future has gone and finally how they struggle with accepting death as it overtakes them The author argues that the

ability to accept personal death is the key to resolving the paradox of our need to survive at all costs while at the same time however much we might deny it we know that we must die In a society where death and dying occur largely out of sight this book provides information about what it is like to die physically psychologically and emotionally and invites us to think about coming to terms with death Exploring End of Life Experience is an important contribution to the interdisciplinary literature on death and dying relevant to scholars and practitioners in medicine nursing psychology and the wider medical humanities

The Right to Die Howard Ball, 2017-01-26 This book provides a comprehensive and contemporary examination of the right to die issues facing society now that vast improvements in public health care and medicine have resulted in people not only living longer but taking much longer to die often in great pain and suffering In 1900 the average age at which people died in America was 47 years of age the primary causes of death were tuberculosis and other respiratory illnesses In the 21st century as a result of better health care and working conditions as well as advances in medical technology we live much longer as of 2016 about 80 years A much larger proportion of Americans now die from chronic diseases that generally appear at an advanced age such as heart disease cancer or chronic obstructive pulmonary disease COPD Should this fundamental change in human lifespan alter how society and government view right to die legislation What are the pros and cons of giving a mentally competent person who is terminally ill and in great pain the right to end his or her life *The Right to Die* A Reference Handbook provides a complete examination of right to die issues in the United States that dissects the complex arguments for and against a person's liberty to receive a physician's assistance to hasten death It covers the legal aspects and the politics of the right to die controversy analyzes the battles over the right to die in state and federal courts and supplies primary source documents that illustrate the political medical legal religious and ethical landscape of the right to die Additionally the book examines how members of our society typically die has changed in the past 150 years and how the practice of medicine has evolved over that time explains why the right to die is strongly opposed by many religious groups as well as members of the medical profession considers the slippery slope argument against doctor assisted suicide and identifies the reasons that the disabled the poor the elderly and infirm and some members of ethnic racial and religious minority groups typically fear physician assisted death
