The Atlantic as Mythical Space: An Essay on Medieval Ethea

Alfonso J. García-Osuna, 2023-05-23 The Atlantic as Mythical Space is a study of medieval culture and its concomitant myths legends and fantastic narratives as it developed along the European Atlantic seaboard It is an inclusive study that touches upon early medieval Ireland the pre Hispanic Canary Islands the Iberian Peninsula courtly love France and the pagan and early Christian British Isles The obvious and consequential ligature that runs throughout the different sections of this text is the Atlantic Ocean a bewildering expanse of mythical substance that for centuries fueled the imagination of ocean side peoples It analyzes how and why myths with the Atlantic as preferential stage are especially relevant in pagan and early Christian western Europe It further examines how prescientific societies fashioned an alternate cosmos in the Atlantic where events beings and places existed in harmony with communal mental structures It explores why in that contrived geography these societies angels and monsters were able to materialize with wonderful profusion it further analyzes how the ocean became a place where human beings ventured forth searching for explanations for what is essentially unknowable the origins of the universe and the reason for our existence in it

Evolutionary Essays 02 Kyle Lance Proudfoot, 2015-05-05

Evolutionary Essays are essays that I started to write at York University in Toronto Canada and finished the free drafts on 05 02 2012 They are in the genres of Philosophy psychology politics economics religion culture history and evolution with a good dosage of humor and intellect Evolutionary Essays is what I see as positive for this planet and what is wrong especially in the modern Western civilizations This is not just pure optimism and will use sound logical argumentational and factual structures This is also to dispel highly prevalent pessimisms and reveal realities to regain constructive positivism which we have lost so many times nullifying our productivity life is a sine wave it is not about your success and failures but the fact you keep getting up again it is not if you win or lose but how you fight your battles it is not how you die but how you lived your life Debts not paid in this one are incurred in the next one This is to try and bring clarity and solutions from observation and experience the distinct realm of philosophy This is a philosophical discourse description and narration using logic reason reduction deduction facts and argumentation to provide a point of view with constructive criticism and suggestions for improvement which may be adopted and or applied to Citizens governments or corporations A philosopher's position is to ask questions not per se to answer anything or to be a guide but rather to point in the correct direction of the past present and future giving no more than a guideline for you can only find your own will and way Where possible though it is highly relative one can try and reveal truth Like light versus shadow it will always win in the end Truth is commonality

Philip Roth's Rude Truth Ross Posnock, 2008-07-28

Has anyone ever worked harder and longer at being immature than Philip Roth The novelist himself pointed out the paradox saying that after

establishing a reputation for maturity with two earnest novels he worked hard and long and diligently to be frivolous an effort that resulted in the notoriously immature Portnoy's Complaint 1969 Three and a half decades and more than twenty books later Roth is still at his serious pursuit of the unserious But his art of immaturity has itself matured developing surprising links with two traditions of immaturity an American one that includes Emerson Melville and Henry James and a late twentieth century Eastern European one that developed in reaction to totalitarianism In Philip Roth's Rude Truth one of the first major studies of Roth's career as a whole Ross Posnock examines Roth's mature immaturity in all its depth and richness Philip Roth's Rude Truth will force readers to reconsider the narrow categories into which Roth has often been slotted laureate of Newark New Jersey junior partner in the firm Salinger Bellow Mailer and Malamud Jewish American regionalist In dramatic contrast to these caricatures the Roth who emerges from Posnock's readable and intellectually vibrant study is a great cosmopolitan in the tradition of Henry James and Milan Kundera
