## Essays On Ancient And Modern Judaism Series 1:

Essays on Ancient and Modern Judaism Arnaldo Momigliano, 2021-06-22 Arnaldo Momigliano 1908-87 was one of the most distinguished twentieth century scholars of the classics and of ancient and modern history. Throughout his career but especially in the final twenty years of his life he wrote essays on a variety of Jewish themes and individuals. This volume collects twenty-six of these essays, most of which appear in English for the first time. Momigliano acknowledged that his Judaism was the most fundamental inspiration for his scholarship and the writings in this collection demonstrate how the ethical experience of the Hebraic tradition informed his other works. Part 1 is devoted entirely to writings on ancient and medieval Judaism. In these essays Momigliano ranges over such subjects as the stages of rapport between Hellenism and Judaism, the figure of Flavius Josephus and the salient moments of Maccabean history. Part 2 comprises Momigliano's writings on modern subjects. Here are profiles of Jewish scholars of the classical world: Bernays, Bickerman, and Finley, together with those of eminent representatives of contemporary Jewish thought: Strauss, Scholem, and Benjamin. These essays gain special significance alongside Momigliano's reflections on Italian Jewry and the Weberian interpretation of Judaism. Silvia Berti's Introduction discusses Momigliano's religious and intellectual formation, the key events of his life, and the influence of Judaism on his mature scholarship. In his Preface Momigliano offers a personal meditation on his own Judaism and that of his family. By the time of his death Momigliano had acquired an international following. This volume will at last give his admirers in the English-speaking world easy access to an important body of his work.

**Elias Bickerman as a Historian of the Jews** Albert I. Baumgarten, 2010 Albert Baumgarten presents the biography of one of the most distinguished historians of the Jews in antiquity that demonstrates the important connections between his scholarship, life, and times. The events of the twentieth century provide the context for the analysis of Bickerman's scholarly production. Back cover

*Jewish Philosophy and the Crisis of Modernity* Leo Strauss, 2012-02-01 This is the first book to bring together the major essays and lectures of Leo Strauss in the field of modern Jewish thought. It contains some of his most famous published writings as well as significant writings which were previously unpublished. Spanning almost 30 years of continuously deepening reflection, the book presents the full range of Strauss's contributions as a modern Jewish thinker. These essays and lectures also offer Strauss's mature considerations of some of the great figures in modern Jewish thought such as Baruch Spinoza, Hermann Cohen, Franz Rosenzweig, Martin Buber, Theodor Herzl, and Sigmund Freud. They also encompass his incisive analyses and original explorations of modern Judaism, which he viewed as caught in the grip of the theological-political crisis from German Jewry, anti-Semitism, and the Holocaust to Zionism and the State of Israel, from the question of assimilation to the meaning and value of Jewish history. In addition, Strauss's two sustained interpretations of the Hebrew Bible are also reprinted. These essays and lectures cumulatively point toward the postcritical reconstruction of Judaism which Strauss envisioned, suggesting it rebuild along Maimonidean lines. Thus the book lends credence to the view that Strauss was able to uncover and probe the

crisis at the heart of modern Jewish thought and history perhaps with greater profundity than any other contemporary Jewish thinker

**Philosophers and Scholars** Jonathan Cohen, 2007-01-01 Jonathan Cohen brings together the views of three of the greatest scholar thinkers in the area of Jewish philosophy of the twentieth century Harry Austryn Wolfson 1887D1974 Julius Guttman 1880D1950 and Leo Strauss 1899D1973 Each thinker's construction of Jewish philosophy is presented through individual definitions of Judaism and philosophy understandings of its historical development and analyses of the canons used in interpretations of Jewish philosophical texts
