Contemporary Perspectives on English as a Medium of Instruction Hayriye Kayi-Aydar, Laura Mahalingappa, 2024-03-01 English Medium Instruction EMI is the use of English to teach academic content in countries where English is not the first language There continues to be a rapid growth in EMI around the globe and there is often official government support for EMI programs or curriculum The goal of this volume is to explore current perspectives on EMI from empirical data to theoretical considerations in order to identify strengths and shortcomings of EMI programs and or curricula defining ideologies and dominant methodologies in diverse contexts and offer evidence based implications for classroom practice policy and future research The chapters reflect the voices of diverse groups of people e g content instructors classroom teachers college students parents teacher educators etc who experience EMI in their current educational environments in different countries Multicultural Andragogy for Transformative Learning Peltz, David P., Clemons, Anthony C.,2018-07-06 As individuals progress through each stage of life they continue to learn and grow intellectually However what may be a conducive learning environment for a child may not be as effective for an adult creating a need to understand how to aid adults in being successful learners in their later life Multicultural Andragogy for Transformative Learning provides a diverse collection of positions related to adult learning The book touches on a variety of topics including autonomous learning as a transformative experience mixing cultures through intercultural methodology and integrating cultural perspectives into organizational learning As a publication with a focus on andragogy this proves a useful resource for academicians higher education administrators and educators who teach both traditional and non traditional students in higher education Visible Learning Insights John Hattie, Klaus Zierer, 2019-04-25 Visible Learning Insights presents a fascinating inside view of the ground breaking research of John Hattie Together the authors John Hattie and Klaus Zierer embark on a mission to build on the internationally renowned work and combine the power and authority of the research with the real coal face experience of schools Offering a concise introduction into the Visible Learning Story the book provides busy teachers with a guide to why the Visible Learning research is so vital and the difference it can make to learning outcomes It includes An in depth dialogue between John Hattie and Klaus Zierer Clearly structured chapters that focus on the core messages of Visible Learning and infer practical consequences for the everyday job of teaching FAQs to Visible Learning that provide an invaluable introduction to the language of learning and success in schools An overview of the current data set with over 1 400 meta analyses Intended for teachers teacher students education researchers parents and all who are interested in successful learning teaching and schooling this short and elegant introduction outlines just what is required to translate Hattie's research into improved school performance Faculty Service-Learning Guidebook Christine M. Cress, Stephanie T. Stokamer, Thomas J. Van Cleave, Joyce P. Kaufman, 2023-07-03 This is a practical guide to designing teaching and coordinating service learning courses and for developing reciprocal community partnerships and community

based research through a lens of equity that addresses the endemic racial social economic and environmental disparities across society The text provides a comprehensive framework for developing both in person and on line service learning with a chapter on virtual delivery of courses that integrates the principles and practices described throughout the book The authors uniquely integrate the how to of conducting service learning with the theoretical foundations to enact effective equitable and inclusive community engagement Given this moment of enormous social inequality and divisiveness the authors offer a new definition and set of educational principles that they characterize as Equity Centered Community Engagement Excellence These principles serve to guide academic and community engagement that is democratic recognizes the voice and expertise of community partners addresses the power imbalances between communities and academic institutions and develops an educational experience that is potentially transformative and promotes civic responsibility Informed by the literature of critical service learning critical race theory intercultural communication theory and social constructivism this book attempts to deconstruct the assumption of the preeminence of academic knowledge to reconstruct a new operational paradigm of equity centeredness that validates community capacity to guide faculty in their redesign of service learning curriculum activities collaborations and scholarship It is based on the principles of Student Agency demonstrated as enhanced skills knowledge and motivation Community Efficacy recognition of community assets and capacity building Scholarly Advocacy leveraging evidence based research based for equity centered learning serving and social justice The authors offer examples of syllabi lessons and assignments reflection questions evaluation rubrics as well as an array of teaching tips that illustrate strategies for use in the classroom and in the field The book is addressed to faculty embarking on service learning and to seasoned scholar practitioners looking for innovative ideas as well as to campus administrators who coordinate community outreach or college student volunteer services offering guidance on leveraging resources and fiscal support from external stakeholders It is also designed to serve as a resource for professional development workshops and faculty scholar learning communities It offers a rich compendium of ideas and examples from which faculty and practitioners can select exercises and elements to incorporate or adapt for their courses whether designing Graduate STEM Education for the 21st Century National short term engagements or extended service learning programs Academies of Sciences, Engineering, and Medicine, Policy and Global Affairs, Board on Higher Education and Workforce, Committee on Revitalizing Graduate STEM Education for the 21st Century, 2018-09-21 The U S system of graduate education in science technology engineering and mathematics STEM has served the nation and its science and engineering enterprise extremely well Over the course of their education graduate students become involved in advancing the frontiers of discovery as well as in making significant contributions to the growth of the U S economy its national security and the health and well being of its people However continuous dramatic innovations in research methods and technologies changes in the nature and availability of work shifts in demographics and expansions in the scope of occupations needing

STEM expertise raise questions about how well the current STEM graduate education system is meeting the full array of 21st century needs Indeed recent surveys of employers and graduates and studies of graduate education suggest that many graduate programs do not adequately prepare students to translate their knowledge into impact in multiple careers Graduate STEM Education for the 21st Century examines the current state of U S graduate STEM education This report explores how the system might best respond to ongoing developments in the conduct of research on evidence based teaching practices and in the needs and interests of its students and the broader society it seeks to serve This will be an essential resource for the primary stakeholders in the U S STEM enterprise including federal and state policymakers public and private funders institutions of higher education their administrators and faculty leaders in business and industry and the students the system is intended to educate Yearbook of International Organizations 2014-2015 (Volume 4) Union Of International Associations, Union of International Associations, 2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and acityities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations Trade, Migration and Law Victor T. Amadi, 2022-03-24 This book explores how law and policy makers within the Southern African Development Community regional structure might reform the legal and regulatory frameworks to best capitalise the benefits of the movement of people drawing lessons from other experienced jurisdictions by critically engaging with the regulatory efforts and approaches in regions such as the European Union the Economic Community of West African States and the East African Community to propose a revised approach to migration governance and practice in the SADC Deeper regional integration allows citizens to move freely across national boundaries and services are a rising component of global trade and investment However global trade in services is stifled by barriers at and behind the border These barriers make it difficult for service providers from developing regions to access key markets in their preferred modes of service trade Against this background this book aims to take the discussion on furthering regional integration and trade through the movement of people by tackling issues on stringent immigration policies arguing that having a vibrant and rewarding trade in services will require an approach towards the unrestricted movement of persons
