Informed by recent scholarship and interest in cultural studies and critical theory, it is a compact core text that introduces students to the historical contexts, genres, and issues of children's literature. A beautifully designed and illustrated supplement to individual literary works assigned, it also provides apparatus that makes it a complete resource for working with children's literature during and after the course. The second edition includes a new chapter on children's literature and popular culture, including film, television, and merchandising, and has been updated throughout to reflect recent scholarship and new offerings in children's media.
