Fall Semester 2013 For Miami Dade College:

The College Completion Agenda: Practical Approaches for Reaching the Big Goal Brad C. Phillips, Jordan E.

Horowitz, 2014-02-03 This volume provides practical ways colleges can focus on the College Completion Agenda Originally begun as an economic workforce issue for the Obama administration the College Completion Agenda has been adopted by myriad educational institutions public and private funders and others The identified Big Goal is to increase the proportion of Americans with high quality college degrees and credentials from 39% of the population to 60% by 2025 To date much advice has been offered to colleges about what the issues are and what needs to be done However there is considerable work being done at colleges around the country to address the identified issues This volume introduces some of these policies and practices the thinking behind them research supporting them roles to be fulfilled and impact on the student experience This is the 164th volume of this Jossey Bass higher education quarterly report series an essential guide for presidents vice presidents deans and other leaders in today's open door institutions this quarterly provides expert guidance in meeting the challenges of their distinctive and expanding educational mission *Collaborative Imagination* Paul Feigenbaum, 2015

Processes of fighting unequal citizenship have historically prioritized literacy education through which people envision universally first class citizenship and devise practical methods for enacting this vision *Collaborative Imagination* explores how literacy education can facilitate activism amid contemporary contexts in which citizenship is officially equal but in practice underserved populations often remain consigned to second class status *Motivate Yourself to Impress How to Make 'Em Love Ya' and Pick Ya'!* Katrika Sterling-Hamilton, 2016-03-04 *Motivate Yourself to Impress* Have you ever felt lost about what to say on a job interview Have you thought you knew what to say but had a nervous breakdown during the interview process Studies show that one out of two individuals on job interviews made poor mistakes that cost them the position Another 19 percent of applicants felt they slipped up when writing their resumes and cover letters Look no further If you are one of the millions of individuals that struggle with interviewing skills this book is for you How would you like to know the secrets to getting hired the first time on a job interview This volume is packed with real world examples from a range of clinical settings and sample interactions to help you land your dream career This book teaches you the following How to sharpen your interviewing skills How to write strong resumes and cover letters How to improve your communication skill productivity by 500 percent with how and what to say at your next job interview How to answer those tough interview questions If you are ready to learn and dominate your next job interview this book is a must Let me be your guide to you hearing the two words you want to hear from your next job interview You're hired *Improving Research-Based Knowledge of College Promise Programs* Laura W. Perna, Edward J. Smith, 2020-03-20 Also known as free tuition and free college programs college promise programs are an emerging approach for increasing higher education attainment of people in particular places To maximize the effectiveness of their efforts and investments program leaders and policymakers need

research based evidence to inform program design implementation and evaluation With the goal of addressing this knowledge need this volume presents a collection of research studies that examine several categories and variations of college promise programs These theoretically grounded empirical investigations use varied data sources and analytic techniques to examine the effects of college promise programs that have different design features and operate in different places Individually and collectively the results of these studies have implications for the design and implementation of promise programs if these programs are to create meaningful improvements in attainment for people from underserved groups The authors efforts also provide a useful foundation for the next generation of college promise research
