Family Therapy Lynn Hoffman, Keith Clark, 2002 This book follows the journey of one highly curious and questing therapist from an instrumental causal approach to family therapy to a collaborative communal one Family Therapy Lynn Hoffman, 2020-03-18 This book follows the journey of one highly curious and questing therapist from an instrumental causal approach to family therapy to a collaborative communal one Because Lynn Hoffman has been in the field for almost forty years and has worked with so many of its influential thinkers the book is also a history of family therapy's evolution Her knowledge of family therapy is intimate and deep her perspective is clear eyed and often wryly humorous Readers will be reminded that however big and impressive the theories family therapy is very much a human endeavor Hoffman revisits the experiences ideas and relationships that have informed her journey and presents them both as she perceived them at the time and as she perceives them now looking back Through this process of reflective conversation she creates not only a legacy out of the people and situations that acted on her most powerfully but also a countertradition to the strategic approach that influenced her so strongly early in her career But this is not just history Throughout her career Hoffman has been in the forefront of family therapy She has interacted with and sometimes worked closely with many of family therapy's influential thinkers and actors including Jay Haley Virginia Satir Dick Auerwald Harry Aponte Peggy Papp Olga Silverstein the Milan team Peggy Penn Harry Goolishian Harlene Anderson Tom Andersen and Michael White The evolution of her thinking has paralleled the major developments in the field As she braids together continuity and innovation she finds her own voice a different voice and her own style more open more inclusive and less controlling In the second half of the book Hoffman demonstrates the many possibilities inherent in not knowing in working with a reflecting team in looking for the presenting edge and in grabbing the emotional main chance

Now in its second edition this text introduces readers to the rich history and practice of Marriage and Family Therapy with 32 professionals from across the US presenting their knowledge in their areas of expertise. This blend of approaches and styles gives this text a unique voice and makes it a comprehensive resource for graduate students taking their first course in Marriage and Family Therapy. The book is divided into three sections. Part 1 focuses on the components on which 21st century family therapy is based and summarizes the most recent changes made to not only therapeutic interventions but to the very concept of family. Part 2 presents an overview of the 7 major theoretical models of the field: structural, strategic, Milan, social constructionist, experiential, transgenerational and cognitive behavioral family therapy. Each chapter in this section focuses on the founder of the theory, its theoretical tenants and its key techniques. Shows how the model focuses on diversity.
