Famous Last Words The American Language Crisis Reconsidered:

Famous Last Words Harvey Daniels, 1983 Daniels refutes the contention that a literary crisis is raging through the United States and that the English language is deteriorating By showing that panics concerning the state of language have occurred at regular intervals since 2400 B C he asserts that language cannot die that it changes constantly and that attitudes toward language are social attitudes He identifies several classes of language critics including journalistic critics like Edwin Newman William Safire and John Simon educational critics who employ techniques that preclude a student from communicating effectively and a group of critics he identifies as the higher authorities authors of English handbooks and usage panelists of dictionaries Also demonstrates the futility of back to basics literacy programs that drill grammar but ignore actual writing and offers a program for teacher training in writing instruction ISBN 0 8093 8093 7 pbk 10 95

World Language Education as Critical Pedagogy Timothy G. Reagan, Terry A. Osborn, 2020-09-02 Accessible and cutting edge this text is a pivotal update to the field and offers a much needed critical perspective on world language education Building off their classic 2002 book *The Foreign Language Educator in Society* Timothy G Reagan and Terry A Osborn address major issues facing the world language educator today including language myths advocacy the perceived and real benefits of language learning linguistic human rights constructivism learning theories language standards monolingualism bilingualism and multiculturalism Organized into three parts Knowing Language Learning Language and Teaching Language this book applies a critical take on conventional wisdom on language education evaluates social and political realities assumptions and controversies in the field Each chapter includes questions for reflection and discussion to support students and educators in developing their own perspectives on teaching and learning languages With a critical pedagogy and social justice lens this book is ideal for scholars and students in foreign world language education social justice education and language teaching methodology courses as well as pre and in service teachers The Locations of Composition Christopher J. Keller, Christian R. Weisser, 2007-07-05 Explores the concepts of space and place within composition studies **The New Literacy** John Willinsky, 2017-11-28 Originally published in 1990 This book examines the innovative programs that changed the way reading and writing was taught during the previous ten years Both teacher and critic of the New Literacy programs the author gives a perspective that allows educators parents and other readers to assess the promise of these programs Examining the work of educators from the USA UK and Canada he compares programs from first grade to college that foster a new level of literate engagement and voice in students while creating a less authoritative place in which to learn The book opens up wider debate about literacy in a society concerned with shifting authority from text and teacher to student

Using English Words P. Corson, 2012-12-06 *Using English Words* examines the impact that the life histories of people have on their vocabulary Its starting point is the taken for granted fact that the vocabulary of English falls into two very different sections Randolph Quirk mentions this striking incompatibility between the Anglo Saxon and the Latinate elements

in English the familiar homely sounding and typically very short words that we learn very early in life and use for most everyday purposes and the more learned foreign sounding and characteristically rather long words 1974 p 138 It is mainly the second type of word that native speakers start learning relatively late in their use of English usually in the adolescent years of education and keep on learning It is mainly the one type of word rather than the other that ESL EFL students have more difficulty with depending on their language background This book shows how discursive relations outside education position people through their vocabularies Some are prepared for easy entry into lifetime prospects of relative privilege and educational success while others are denied entry In writing this book I share an aim with other writers who observe the many discontinuities that exist between discursive practices in communities outside schools and the discursive demands that schools make e g Hamilton et al 19931 Heath 1983 Luke 19941 Philips 1983 Romaine 1984 Scollon Scollon 1981
