## **Fairytale In The Ancient World:**

**Fairytale in the Ancient World** Graham Anderson, 2000 The first modern study of the ancient fairytale it bridges a major gap between the study of the ancient world and the wider world of oral culture and will be of immense value and interest to students of a wide variety of disciplines

**Ancient Fairy and Folk Tales** Graham Anderson, 2019-12-05 This anthology explores the multitude of evidence for recognisable fairy tales drawn from sources in the much older cultures of the ancient world appearing much earlier than the 17th century where awareness of most fairy tales tends to begin It presents versions of Cinderella The Emperor's New Clothes Snow White The Frog Prince and a host of others where the similarities to familiar modern versions far outweigh the differences Here we find Cinderella as a courtesan Snow White coming to a tragic end or an innocent heroine murdering her sisters We find an emperor's new clothes where the flatterers compare him to Alexander the Great or a pair of adulterers caught in a magic trap Tantalising fragments suggest that there is more to be discovered we can point to a Sleeping Beauty where the girl takes on the green colouring of the surrounding wood or we encounter a Rumpelstiltskin connected to a mystery cult The overall picture suggests a much richer texture of popular tale as a fascinating new legacy of antiquity This volume breaks down the traditional barriers between Classical Mythology and the fairy tale and will be an invaluable resource for anyone working on the history of fairy tales and folklore
