has impacted the identity and practice of the pastor obscuring his or her core vocation to call and assist others into the experience of ministry Using examples of pastors throughout history from Augustine and Jonathan Edwards to Martin Luther King Jr and Nadia Bolz Weber Root shows how pastors have both perpetuated and responded to our secular age Root turns to Old Testament texts and to the theology of Robert Jenson to explain how pastors can regain the important role of attending to people s experiences of divine action offering a new vision for pastoral ministry today **Transmission of the Faith in a Secular Age** Russell Lynn Staples,1990 Faith in a Secular Age Colin Williams,1966 **Believing Again** Roger Lundin,2009-02-05 In Believing Again Roger Lundin brilliantly explores the cultural consequences of the rather sudden nineteenth century emergence of unbelief as a widespread social and intellectual option in the English speaking world Lundin s narrative focuses on key poets and novelists from the past two centuries Dostoevsky Dickinson Melville Auden and more showing how they portray the modern mind and heart balancing between belief and unbelief Lundin engages these literary luminaries through chapters on a series of vital subjects from history and interpretation to beauty and memory Such theologians as Barth and Balthasar also enter the fray facing the challenge of modern unbelief with a creative brilliance that has gone largely unnoticed outside the world of faith Lundin s Believing Again is a beautifully written erudite examination of the drama and dynamics of belief in the modern world In Believing Again Roger Lundin brilliantly explores the cultural consequences of the rather sudden nineteenth century emergence of unbelief as a widespread social and intellectual option in the English speaking world Lundin s narrative focuses on key poets and novelists from the past two centuries Dostoevsky Dickinson Melville Auden and more showing how they portray the modern mind in tension between faith and doubt Lundin engages these literary luminaries through chapters on a series of vital subjects from history and interpretation to beauty and memory Such theologians as Barth and Balthasar also enter the discussion facing the challenge of modern unbelief with a creative brilliance that has gone largely unnoticed outside the world of faith Lundin s Believing Again is a beautifully written erudite examination of the drama and dynamics of belief in the modern world Ministry in a Secular Age Set Andrew Root,2021-01-19 Andrew Root s well received Ministry in a Secular Age trilogy offers a developed practical theology that uniquely attends to divine action The three volumes engage with Charles Taylor s articulation of our cultural context and the challenge he raises for Christian life in a Western world that has found divine action increasingly unbelievable This project provides not only a needed and deep dialogue with the issues Taylor presents but also offers a constructive vision for confronting Taylor s challenge In Faith Formation in a Secular Age Root provides an alternative take on the issue of youth drifting away from the church and articulates how faith can be formed in our secular age Through an abundance of examples The Pastor in a Secular Age explores how pastors have both perpetuated and responded to our secular age and provides a new vision for pastoral ministry today The Congregation in a Secular Age articulates why it is so hard for congregations to change and encourages an approach that doesn t fall into the negative traps of our secular age **Faith Formation in a**

Returning to Religion Jonathan Benthall, 2008-09-30 How can one explain the resurgence of religion even in a western context of rationality postmodernity and scientific endeavour The persistence of religious expression has compelled even diehard secularists or proponents of the secularization thesis to rethink their positions Jonathan Benthall explains precisely why societies are not bound to embrace western liberal rationality as an evolutionary inevitability He shows that the opposite is true that where a secular society represses the religious imagination the human predisposition to religion will in the end break out in surprising apparently secular modes and outlets Concentrating on what he calls para religion a kind of secular spirituality that manifests itself within movements and organisations who consider themselves motivated by wholly rational considerations Benthall uncovers a paradox despite themselves they are haunted by the shadow of irrationality Arguing that humanitarianism environmentalism the animal rights movement popular archaeology and anthropology all have religious aspects his startling conclusion is that religion rather than coming back in fact never went away A human universal the religious inclination underlies the fabric of who we are and is essential for the healthy functioning of any society

Untimely Christianity Michael Edwards, 2022-02-22 Christianity is always untimely always foreign to our beliefs and contrary to our desires It was untimely in Jerusalem Athens and Rome when Jesus and his early followers were killed It is just as untimely now But we have become deaf to its otherness to the disruptive strangeness of Christian faith If we are to hear it again we must traverse the distance between our comfortable and overly conceptual Christianity and the true Christianity that turns the whole world upside down In Untimely Christianity acclaimed poet and literary scholar Michael Edwards calls for a countercultural Christianity that recovers the Bible's radical otherness and renews our habits of attention to its message to its revelation of a God who is not merely a set of doctrines but a person

someone we can know Edwards's work is an eloquent prophetic effort to recapture the revolutionary power of the Bible to transform the way humans view the world and how they live in it Rich in theology philosophy poetry biblical interpretation and cultural criticism *Untimely Christianity* invites readers of all kinds to encounter the Bible anew as a continuous questioning of the reader and a prodigious expansion of reality *Calvinism for a Secular Age* Jessica R. Joustra, Robert J. Joustra, 2022-02-08 Pastor politician and Dutch Neo Calvinist theologian Abraham Kuyper's lectures on the role of Christian faith in politics science and art have become a touchstone of contemporary Reformed theology Revisiting these lectures Jessica and Robert Joustra bring together theologians historians scientists and others to consider Kuyper's ongoing importance and complex legacy for today *Religion in a Secular Age* John Copley, 1968 **The Persistence of Faith** Jonathan Sacks, 2025-07-03 Confidence in a faith is a subtle quality and lack of it shows in many ways some contradictory Dr Sacks has that confidence and the quiet charisma to communicate it Sacks argues that faiths must remain open to criticism keep alive their separate communities and still contribute far more to national debates on moral issues They must also learn to get along better His thesis is that we still live under a Biblical canopy and that a cohesive morality needs the uniting bonds of faith The subject of this book religions and ethics is good ground for him to build on The Jewish contribution to ethics is distinctly rational and has a long and illustrious tradition Moral philosophy is after all a Jewish preoccupation In recent years he writes religion has taken us unawares The rise of the Moral Majority in the USA the Islamic Revolution the growth of religious parties in Israel the power of Catholicism in Poland and the African continent all run contrary to the basic thesis that modernity and secularization went hand in hand and could almost be regarded as synonyms Instead and against all prediction religion has resurfaced in the public domain In this book Sacks argues the case for a broadly based return to tradition within the context of religious pluralism and tolerance Religious values remain a strong force within our culture to be renewed For our society to be viable indeed they must be renewed **Faith in a Secular Age** Thatcher Jordan, 1994-01

Religious Freedom in a Secular Age Michael F. Bird, 2022-05-03 Discover how to responsibly defend religious freedom for all without compromising your personal beliefs Religious freedom is a bitterly contested issue that spills over into political public and online spheres It's an issue that's becoming ever more heated and neither of the global political polarities is interested in protecting it While the political left is openly hostile toward traditional religion the political right seeks to weaponize it How can we ensure that religious freedom is truly about freedom of one's religion rather than serving an ethno nationalist agenda In *Religious Freedom in a Secular Age* Michael Bird New Testament scholar and author of *Evangelical Theology* has four main goals To explain the true nature of secularism and help us to see it as one of the best ways of promoting liberty and mutual respect in a multifaith world To dismantle the arguments for limiting religious freedom To outline a biblical strategy for maintaining a Christian witness in a post Christian society To encourage Christians to participate in a new age of apologetics by being prepared to defend not only their own beliefs but also the freedom of all

faiths While Bird does address the recent political administrations in the US his focus is global Bird who lives in Melbourne Australia freely admits to his anxiety of the militant secularism surrounding him but he also strongly critiques the marriage of national and religious identities that has gained ground in countries like Hungary and Poland The fact is that religion has a lot to contribute to the common good Religious Freedom in a Secular Age will challenge readers of all backgrounds and beliefs not only to make room for peaceable difference but also to find common ground on the values of justice mercy and equality **The Congregation in a Secular Age (Ministry in a Secular Age Book #3)** Andrew Root, 2021-01-19

Churches often realize they need to change But if they re not careful the way they change can hurt more than help In this culmination of his well received Ministry in a Secular Age trilogy leading practical theologian Andrew Root offers a new paradigm for understanding the congregation in contemporary ministry He articulates why congregations feel pressured by the speed of change in modern life and encourages an approach that doesn t fall into the negative traps of our secular age Living in late modernity means our lives are constantly accelerated and calls for change in the church often support this call to speed up Root asserts that the recent push toward innovation in churches has led to an acceleration of congregational life that strips the sacred out of time Many congregations are simply unable to keep up which leads to burnout and depression When things move too fast we feel alienated from life and the voice of a living God The Congregation in a Secular Age calls congregations to reimagine what change is and how to live into this future helping them move from relevance to resonance
