## **False Starts The Rhetoric Of Failure And The Making Of American Modernism:**

**False Starts** David M. Ball, 2014-11-30 From Herman Melville's claim that failure is the true test of greatness to Henry Adams's self-identification with the mortifying failure in his long education and William Faulkner's eagerness to be judged by his splendid failure to do the impossible the rhetoric of failure has served as a master trope of modernist American literary expression David Ball's magisterial study addresses the fundamental questions of language meaning and authority that run counter to well-rehearsed claims of American innocence and positivity beginning with the American Renaissance and extending into modernist and contemporary literature The rhetoric of failure was used at various times to engage artistic ambition the arrival of advanced capitalism and a rapidly changing culture not to mention sheer exhaustion *False Starts* locates a lively narrative running through American literature that consequently queries assumptions about the development of modernism in the United States

*False Starts* David M. Ball, 2007 From Melville's assertion that failure is the true test of greatness to Faulkner's self-proclaimed splendid failure to do the impossible the reinvention of failure has persisted as a watchword for literary success As a response to the relentlessly forward-looking impulse of American modernity this romance of failure registers both a modernist embrace of dislocation as well as a profound unease with the social and demographic changes ushered in by modernity *False Starts* investigates failure as a term with a rich and contentious intellectual genealogy arguing for a long history of American modernism between the years of 1850 and 1950

Asianfail Eleanor Ty, 2017-03-21 Eleanor Ty's bold exploration of literature plays and film reveals how young Asian Americans and Asian Canadians have struggled with the ethos of self-sacrifice preached by their parents This new generation's narratives focus on protagonists disenchanted with their daily lives Many are depressed Some are haunted by childhood memories of war trauma and refugee camps Rejecting an obsession with professional status and money they seek fulfillment by prioritizing relationships personal growth and cultural success As Ty shows these storytellers have done more than reject a narrowly defined road to happiness They have rejected neoliberal capitalism itself In so doing they demand that the rest of us reconsider our outmoded ideas about the so-called model minority

Comics and Modernism Jonathan Najarian, 2024-01-18 Contributions by David M. Ball Scott Bukatman Hillary Chute Jean Lee Cole Louise Kane Matthew Levay Andrei Molotiu Jonathan Najarian Katherine Roeder Noa Saunders Clémentine Sfaïj Nick Sturm Glenn Willmott and Daniel Worden Since the early 1990s cartoonist Art Spiegelman has made the case that comics are the natural inheritor of the aesthetic tradition associated with the modernist movement of the early twentieth century In recent years scholars have begun to place greater import on the shared historical circumstances of early comics and literary and artistic modernism *Comics and Modernism* History Form and Culture is an interdisciplinary consideration of myriad social cultural and aesthetic connections Filling a gap in current scholarship an impressively diverse group of scholars approaches the topic from a variety of disciplinary backgrounds and methodologies Drawing on work in literary studies art history film studies philosophy and material culture

studies contributors attend to the dynamic relationship between avant garde art literature and comics Essays by both established and emerging voices examine topics as divergent as early twentieth century film museum exhibitions newspaper journalism magazine illustration and transnational literary circulation In presenting varied critical approaches this book highlights important interpretive questions for the field Contributors sometimes arrive at thoughtful consensus and at other times settle on productive disagreements Ultimately this collection aims to extend traditional lines of inquiry in both comics studies and modernist studies and to reveal overlaps between ostensibly disparate artistic practices and movements

What made art modern What is modern art The Legends of the Modern demystifies the ideas and legends that have shaped our appreciation of modern art and literature Beginning with an examination of the early modern artists Shakespeare Michelangelo and Cervantes Didier Maleuvre demonstrates how many of the foundational works of modern culture were born not from the legendry of expressive freedom originality creativity subversion or spiritual profundity but out of unease with these ideas This ambivalence toward the modern has lain at the heart of artistic modernity from the late Renaissance onward and the arts have since then shown both exhilaration and disappointment with their own creative power The Legends of the Modern lays bare the many contradictions that pull at the fabric of modernity and demonstrates that modern art s dissatisfaction with modernity is in fact a vital facet of this cultural period Midcentury Suspension Claire

Seiler, 2020-08-11 How did literary artists confront the middle of a century already defined by two global wars and newly

faced with a nuclear future Midcentury Suspension argues that a sense of suspension a feeling of being between beginnings and endings recent horrors and opaque horizons shaped transatlantic literary forms and cultural expression in this singular moment Rooted in extensive archival research in literary print and public cultures of the Anglophone North Atlantic Claire Seiler s account of midcentury suspension ranges across key works of the late 1940s and early 1950s by authors such as W H Auden Samuel Beckett Elizabeth Bishop Elizabeth Bowen Ralph Ellison and Frank O Hara Seiler reveals how these writers cultivated modes of suspension that spoke to the felt texture of life at midcentury Running counter to the tendency to frame midcentury literature in the terms of modernism or of our contemporary Midcentury Suspension reorients twentieth century literary study around the epoch s fraught middle
