David Skinns,2016-07-12 This book shows how the overall impact of the penal policy agenda of the Coalition Government 2010 2015 has not led to the intended rehabilitation revolution but austerity outsourcing and punishment designated here as punitive managerialism divThe policy of austerity has led to significant budget cuts in legal aid and court services which threaten justice It has also led to staffing reductions and overcrowding in the prison system which threaten order and have undermined more positive work with prisoners The outsourcing of prison and community based offender services is based on untried method with uncertain results The shift in orientation towards punishment is regrettable because it is essentially negative The book notes that this move to punitive managerialism is located in the broader trend towards neo liberalism It concludes by attempting to articulate the parameters of an affordable and emotionally satisfying yet humane and rational penal policy Cars & Parts ,1974 **Resource Sharing in Libraries** Marshall Breeding,2013 Supplementing your local collection through resource sharing is a smart way to ensure your library has the resources to satisfy the needs of your users Marshall Breeding s new Library Technology Report explores technologies and strategies for sharing resources helping you streamline workflows and improve resource sharing services by covering key strategies like interlibrary loan consortial borrowing document delivery and shared collections You ll also learn about such trends and services as OCLC WorldCat Resource Sharing and other systems that facilitate cooperative reciprocal lending System to system communications that allow integrated systems to interact with resource sharing environments Technical components that reliably automate patron requests routing to suppliers with tools for tracking reporting and staff intervention as needed Specialized applications that simplify document delivery such as Ariel Odyssey or OCLC s Article Exchange How the NISO Circulation Interchange Protocol NCIP can enable borrowing among consortial libraries using separate integrated library systems The Orbis Cascade Alliance consortium examined using a case study **Early-Age and Long-Term Cracking in RC Structures** Frangkoulis Kanavaris,Agnieszka Jędrzejewska,Farid Benboudjema,Miguel Azenha,2025-08-29 This volume gathers the latest advances innovations and applications in the field of crack control in concrete as presented by leading international researchers and engineers at the International RILEM Conference on Early age and Long term Cracking in RC Structures CRC held in Katowice Poland on September 11 12 2025 It covers early age and long term imposed deformations in concrete analytical formulations for calculating crack widths in concrete numerical simulations of the early age and long term restrained behaviour of concrete elements experimental investigations on cracking on site monitoring of imposed deformations and cracking crack control and influence of binders and admixtures on governing properties relevant to cracking The conference demonstrated that a comprehensive approach to this problem requires the design of robust experimental techniques the development of multiscale models and the evaluation of code based and other analytical approaches relevant to crack control
