Inviting creativity and vision and featuring studies that have incorporated these characteristics, he insists that the responsible methodologist become a force akin to parrhesia. Foucault's risky truth tellers.      *Light a Fire and Watch It Burn* Michael L. Boucher, 2025-08-30 *Light a Fire and Watch It Burn* Disruptive Qualitative Methods in Education Research revolutionizes how qualitative research is conceptualized, taught, and practiced. Edited by Michael L. Boucher Jr. Ph.D. this groundbreaking collection of essays by emerging and established scholars introduces equity-centered, justice-oriented methodologies designed to challenge entrenched systems of power and privilege. With a focus on amplifying marginalized voices and fostering transformative social action, this book serves as an inspiring, accessible resource for educators, researchers, and graduate students. Traditional qualitative research texts provide invaluable foundations for understanding methods such as participant observation, coding, and analysis. Yet they often fail to address innovative approaches that challenge oppressive norms and center lived experiences of marginalized communities. *Light a Fire and Watch It Burn* fills this critical gap, presenting 15 concise, practice-oriented chapters on disruptive methods including photovoice, duoethnography, feminist critical discourse analysis, and arts-based research like ethnodrama. These approaches reimagine qualitative inquiry as a vehicle for equity, inclusion, and justice, equipping readers with tools to create meaningful change. Each chapter follows a consistent structure, making the book an ideal classroom text for qualitative research courses. Readers will find clear explanations of the methodologies, their theoretical foundations, and how they disrupt systems of oppression while empowering participants. Practical examples, discussion questions, and curated lists of further readings encourage deep reflection and active engagement. This structure ensures seamless integration into weekly lessons for master's and doctoral students while also serving as a reference for scholars seeking to expand their methodological repertoire. From exploring anticolonial ethics to embracing culturally responsive frameworks like iwi methodologies and Pláticas, the book highlights the potential of qualitative research to humanize and transform. Contributors share personal narratives and research experiences that illuminate how these methodologies foster trust, amplify silenced voices, and dismantle academic hierarchies. The metaphor of lighting a fire reflects the catalytic potential of these methods to spark curiosity, disrupt traditional paradigms, and ignite transformative social action while watching it burn. Underscores the boldness and urgency of these practices in reimagining education research. Accessible, inspiring, and deeply rooted in critical theory, *Light a Fire and Watch It Burn* is an essential companion for students and educators who dare to confront power and reimagine research as a tool for justice. It challenges readers to move beyond the safe confines of traditional methods and embrace innovative practices that center humanity, equity, and resilience. Whether you are a graduate student beginning your journey, a scholar seeking to disrupt academic norms, or an educator looking for practical tools to inspire your students, this book provides the guidance and vision.
