Female Circumcision and the Politics of Knowledge Obioma Nnaemeka, 2005-07-30 Heated debates about and insurgencies against female circumcision are symptoms of a disease emanating from a mindset that produced hierarchies of humans conquered colonies and built empires The loss of colonies and empires does not in any way mitigate the ideological underpinnings of empire building and the knowledge construction that subtends it The mindset finds its articulation at points of coalescence Female circumcision provided a point of coalescence and impetus for this articulation Insisting that the hierarchy on which the imperialist project rests is not bipolar but multi layered and more complex the contributions in this volume demonstrate how imperialist discourses complicate issues of gender race and history Nnaemeka gives voice to the silenced and marginalized and creates space for them to participate in knowledge construction and theory making The authors in this volume trace the travels of imperial and colonial discourses from antecedents in anthropology travel writings and missionary discourse to modern configurations in films literature and popular culture The contributors interrogate foreign or Western modus operandi and interventions in the so called Third World and show how the resistance they generate can impede development work and undermine the true collaboration and partnership necessary to promote a transnational feminist agenda With great clarity and in simple accessible language the contributors present complex ideas and arguments which hold significant implications for transnational feminism and development 44th Publication Design Annual ,2009 **Feminist Studies** ,2002 Feminist Frontiers Verta Taylor, Leila Rupp, Nancy Whittier, 2009 The most widely used anthology of feminist writings and the first to incorporate issues of sexual identity and sexual diversity Feminist Frontiers has stood the test of time With both classic and contemporary readings on cutting edge topics that cut across disciplinary and generational lines this text presents the full diversity of women s lives exploring commonalities as well as interconnected differences Feminist Frontiers offers analyses of the causes and consequences of gender inequality in interaction with class race ethnicity sexuality ability and nationality This anthology also introduces students to feminist theory and methodology This edition maintains consistent coverage of diverse ethnicities and a global perspective with greater attention to transgender issues and disability **Feminist Frontiers** Verta A.
