## **Fatherless America Confronting Our Most Urgent Social Problem:**

**Fatherless America** David Blankenhorn, 1996-01-05 A compelling and controversial exploration of absentee fathers and their impact on the nation      *Public Reason and Political Community* Andrew Lister, 2013-10-24 Public Reason and Political Community defends the liberal ideal of public reason against its critics but as a form of moral compromise for the sake of civic friendship rather than as a consequence of respect for persons as moral agents At the heart of the principle of public justification is an idealized unanimity requirement which can be framed in at least two different ways Is it our reasons for political decisions that have to be unanimously acceptable to qualified points of view otherwise we exclude them from deliberation or is it coercive state action that must be unanimously acceptable otherwise we default to not having a common rule or policy on the issue at hand Andrew Lister explores the anti perfectionist dilemma that results from this ambiguity He defends the reasons model on grounds of the value of political community and applies it to recent debates about marriage

*Subverting Masculinity* , 2021-08-04 Contemporary Western societies are currently witness to a crisis of masculinity but also to an intriguing diversification of images of masculinity Once relatively stable regimes of masculine gender representation appear to have been replaced by a wider spectrum of varieties of masculine lifestyles taken up by the media and the market to produce new and immensely flexible forms consumerised gender hegemony The essays in *Subverting Masculinity* concentrate on contemporary film literature and diverse forms of popular culture The essays show that the subversion of traditional images of masculinity is both a source of gender contestation but may equally be susceptible to assimilation by new hegemonic configurations of masculinity *Subverting Masculinity* maps out the ongoing relevance of gender politics in contemporary culture but also raises the question of increasingly unclear distinctions between hegemonic and subversive versions of masculinity in contemporary cultural production *Subverting Masculinity* will be of interest to students and teachers of gender cultural film and literary studies      *Bright Promise, Failed Community* Joseph A. Varacalli, 2001-01-01 In *Bright Promise Failed Community* respected Catholic sociologist Joseph Varacalli describes how and why Catholic America has essentially failed to shape the American Republic in any significant way American society has never experienced a Catholic moment the closest it came was during the immediate post World War II era nor is it now close to approximating one Varacalli identifies as the cause of the current situation the failed community of Catholic America an ineffective and dissent ridden set of organizational arrangements that has not succeeded in adequately communicating the social doctrine of the Church to Catholic Americans or to the key idea generating sectors of American life The bright promise of Catholic America lies in the long and still developing tradition of social Catholicism With a revitalized orthodox sophisticated community to serve as the carrier of Catholic social doctrine Varacalli sees trends of thought that would propose viable alternatives to philosophies and ideologies that currently dominate the American public sphere ones that would thus have a formidable impact on American society      *Gender, Heteronormativity, and the American Presidency*

Aidan Smith,2017-10-03 Gender Heteronormativity and the American Presidency places notions of gender at the center of its analysis of presidential campaign communications Over the decades an investment in gendered representations of would be leaders has changed little in spite of the second and third wave feminist movements Modern candidates have worked vigorously to demonstrate compensatory heterosexuality an unquestionable normative identity that seeks to overcome challenges to their masculinity or femininity The book draws from a wide range of archived media material including televised films and advertisements public debates and speeches and candidate autobiographies From the domestic ideals promoted by Eisenhower in the 1950s right through to the explicit and divisive rhetoric associated with the Clinton Trump race in 2016 intersectional content and discourse analysis reveals how each presidential candidate used his or her campaign to position themselves as a defender of traditional gender roles and furthermore how this investment in appropriate gender behaviour was made manifest in both international and domestic policy choices This book represents a significant and timely contribution to the study of political communication While communication during presidential elections is a well established research field Aidan Smith s book is the first to apply a gendered lens over such an extended historical period and across the political spectrum

**Longing for Dad** Beth Erickson,2010-01-01 Far from being disposable as some contemporary voices would have us believe fathers play a crucial role in the lives of their children When denied meaningful contact with their fathers either physically or emotionally a gaping hole or father hunger emerges in the child s psyche from what it experiences as desertion If left unfulfilled this father hunger triggers pronounced psychological patterns consigning that child to personal and professional dead ends as an adult Father hunger manifests itself in many forms such as workaholic substance abuse chronic depression sexual promiscuity violent behavior food addiction and an inability to sustain intimate relationships In this groundbreaking book Dr Beth Erickson helps readers and therapists identify and pinpoint the causes of father hunger and explore the spiritual crises that unresolved losses such as this generate Provocative exercises present strategies for resolving these losses and escaping the cycle of anguish Longing for Dad is a roadmap to a pace of comfort and hope for anyone suffering from physical or emotional father loss and will help new fathers provide their children with a strong foundation for a healthy well balanced adulthood
