Fearless Love The Answer To The Problem Of Human Existence:

Your Journey to Peace Rosemary McCarthy,2016-10-21 Intertwined with Rosemary McCarthys personal journey of shifting from an angry frustrated person blaming others for her unhappiness to someone who now lives content with herself and in harmony with others *Your Journey to Peace* brings the esoteric to the practical and maps out how to become your Best Self and feel empowered in all areas of your life It also explains Why we are the way we are individually and collectively and how we got this way How we find peace within ourselves by making peace in our relationships and all situations That God does not allow for suffering We create it by upholding dualistic concepts of me and you and us and them that we embraced at our beginnings and before form The precursor to the Big Bang was the need for form to play out those dualistic concepts we chose at our beginnings all our issues stem from those original concepts based on ideas of separation rather than unity That understanding time makes the seven day creation model valid What are the extraterrestrials origins How we can reconcile the growing evidence of our past association with the ETs and our scriptures and beliefs Our need to embrace the Indigenous peoples connection to Gaia That we chose to be here at this time of the Shift to bring about our personal and Gaias

Ascensions **Islands of the Emotional and Moral Imagination** Barbara A. Clark,James Joss French,2024-09-02 Islands of the Emotional and Moral Imagination is for all those who are on a search for inspiration in their life If one is dwelling in fear they may choose not to take this new path When confronted with the unknown fear can discourage a chance to seek and find courage truth and faith hidden within Let us take you on a journey to the islands Step into our currach weaving through the waves You will find comfort when one of the islands becomes visible through the mist You will be introduced to our friends as we step off on the islands to explore a wonder of mystery awaiting our curious hearts and minds We will be delighted with new aesthetic experiences growing closer in wisdom of the divine imagination Let us weave the threads from life s memories into a tapestry of ideas and possibilities Breathe in and out each memory that surfaces from the deep shadowed regions of your mind heart and soul Feel the toss of your life s waves as unexplained storms are remembered always knowing that an island of hope will appear on your soul s horizon *Philosophy of Unity* Michael Bassey Eneyo,2019-01-08 This book is borne out of the author s desire to introduce Philosophy of Unity as one of the emerging philosophical paradigms tasked with the responsibility of offering practical ideas to contend with the alarming crisis disunity division disassociation war terrorism distrust and the general unrest that have engulfed the present human society The author decries human disjointedness from the original purpose of love and the need for complementary living Thus attributing the challenges so experienced in the recent human tension laden society to this negation The book stands out as a portal of plethora of knowledge that unravels love as the ultimate unifier of the multiplicity of things in the universe of which the unity and the separation of things in the world are necessitated by it The author reasoned that without love the idea of the universe is inconceivable The principle of inclusiveness is adopted by the author to drive home the point that the warring

opposites the conflicting issues and the fragments characterizing the universe should not be taken as reasons for division and disunity Rather it should be seen as means through which human limitations can be overcome if these different entities are brought together for the overall good of human beings Hence all fragments and their opposites are necessary since it is by their existence that our individuals and collective essences are fully put to use The book is highly recommended for the general public countries especially those with multiple religions and ethnicities It is very relevant to scholars in the areas of Philosophy Religion Political Science Public and International Studies Public Administration and Sociology It is also useful to those who study or engage in conflict resolutions especially in the crisis prone communities All lovers of wisdom will find the book useful in their respective areas of research
