Farley, 2012 Modern Orthodox Theology Paul Ladouceur, 2019-02-21 Modern Orthodox theology represents a continuity of the Eastern Christian theological tradition stretching back to the early Church and especially to the Ancient Fathers of the Church This volume considers the full range of modern Orthodox theology The first chapters of the book offer a chronological study of the development of modern Orthodox theology beginning with a survey of Orthodox theology from the fall of Constantinople in 1453 until the early 19th century Ladouceur then focuses on theology in imperial Russia the Russian religious renaissance at the beginning of the 20th century and the origins and nature of neopatristic theology as well as the new theology in Greece and Romania and tradition and the restoration of patristic thought Subsequent chapters examine specific major themes God and Creation Divine humanity personhood and human rights The Church of Christ Ecumenical theology and religious diversity The Christification of life Social and Political Theology The Name of God conflict The ordination of women The volume concludes with assessments of major approaches of modern Orthodox theology and reflections on the current status and future of Orthodox theology Designed for classroom use the book features case studies a detailed index a list of recommended readings for each chapter The Song of Songs Lawrence R. Farley, 2018 Fr Lawrence Farley brings his Biblical interpretation skills to bear on the Song of Songs one of the shortest but richest and most difficult books of the Bible This balanced verse by verse commentary examines the text on two main levels both as a beautiful image of the love and the bond shared between man and woman in marriage and as an icon of the great mystery toward which human marriage points Christ and the Church Eph 5 32 We live in swiftly changing times when the value the meaning and the very definition of marriage are the subject of heated debate Fr Lawrence offers us a vision of the biblical foundation for marriage which can withstand the floods of life built on the foundation of the apostles and prophets Christ Jesus himself being the cornerstone Eph 2 20 About the Author Fr Lawrence Farley is the priest at St Herman of Alaska Orthodox Church in Langley British Columbia He is the author of the Orthodox Bible Study Companion Series Conciliar Ancient Faith Publishing Feminism and Tradition Quiet Reflections on Ordination and Communion SVS Press and he writes a regular column for the website of the Orthodox Church in America He also hosts a podcast on Ancient Faith Radio *Women and Ordination in the Orthodox Church* Gabrielle Thomas, Elena Narinskaya, 2020-07-10 Contributing Authors Fr John Behr Dr Spyridoula Athanasopoulou Kypriou Dr Dionysios Skliris Fr Andrew Louth Dr Mary Cunningham Met Kallistos Ware Rev Dr Sarah Hinlicky Wilson Dr Kyriaki Karidoyanes FitzGerald Dr Carrie Frederick Frost Dr Paul Ladouceur Luis Josue Sales This book a collaborative international initiative involving academic theologians and practitioners invites the reader into a conversation about the ordination of women in the Orthodox Church It explores questions relating to the significance of being human Eve s curse sexed bodies the place of Mary the nature of priesthood the role of the deacon and the task of being a priest in the twenty first century The reflections move across three main areas of discussion issues of

Without Precedent Geoffrey Kirk, 2016-02-05 Though the ordination of women has been hotly debated in a number of churches and in particular in the world wide Anglican Communion there has been a strange silence on the subject from academic theologians They have left the debate says the author of this book for the most part to the also rans Without Precedent seeks to examine the arguments that in the absence of serious academic contributions have been advanced In particular it looks at claims of ancient precedent for modern practice What did Jesus think about women Was Paul a misogynist or a feminist a reactionary or a revolutionary Does the role of Mary of Magdela in scripture and tradition offer any guidance as many have claimed Were there female priests and even bishops in early Christianity Extravagant claims have been made and repeated in all of these areas and have crucially influenced decisions taken This book provides in the words of former Archbishop of Canterbury Rowan Williams a lucid and helpful survey which quite rightly punctures some awful historical nonsense **When Women Become Priests** Kelley A. Raab, 2000-04-25 In an analysis that deftly unites feminist criticism psychoanalysis and Catholic theology Kelley Raab explores the symbolic implications of women at the altar providing rich insight into issues of gender symbolism and power Friends of God and Prophets Elizabeth A. Johnson, 1998 In *Friends of God and Prophets* Elizabeth Johnson provides a theology of the communion of saints utilizing ironically women s

practices of memory ironically because the official list of saints is largely dominated by men and women's history of holiness has been neither remembered nor truthfully told. In the first part of the book Johnson dialogues with history, gleaned clues from the past for an understanding of the communion of saints that is both faithful to tradition and promising of liberation. In the second she offers a systematic interpretation of the symbol connecting insights from history with insights arising from women's practices today, linking both with radical hope in God.

Theological Reflections on the Ordination of Women
 Catholic Church. National Conference of Catholic Bishops, 1977? **New Woman, New Church, New Priestly Ministry**
 Maureen Dwyer, 1980 **Theological Reflections on the Ordination of Women** Catholic Church. National Conference of Catholic Bishops. Committee on Pastoral Research and Practices, 1973 **The Ordination of Women in the Orthodox Church** Elisabeth Behr-Sigel, Kallistos Ware, Kallistos (Bishop of Diokleia), 2000-01-01

The whole question of the place of women in the church, their sharing in responsibilities and the exercise of authority within it, which implies access to the ordained ministry, represents one of the major challenges posed for the traditional Christian churches by the modern Western world. Initially the Orthodox churches maintained that this challenge did not concern them, but gradually they have come to take it to heart. After outlining the historical context, Elisabeth Behr-Sigel describes the ups and downs of the difficult growth of consciousness, coupled with a creative return to the sources of genuine ecclesial Tradition, called for by frank ecumenical dialogue. Bishop Kallistos Ware sets the question of the ordination of women in perspective in the light of patristic anthropology and Orthodox theology. This book also sets the Orthodox church in a new light, often described as Eastern, a large diaspora is found today throughout the world and especially in Western Europe and North America.
