## **Feminist Research Practice A Primer:**

*Feminist Research Practice: A Primer* Sharlene Nagy Hesse-Biber, Patricia Lina Leavy, 2007 This volume accomplishes a great deal combining theory and practice abstract concepts and realistic workable suggestions Many of the studies and stories are fascinating as well as valuable research paradigms CONTEMPORARY PSYCHOLOGY The topic of feminist research has frequently been neglected in standard research methods books The purpose of this Primer is to invite students to explore the range of feminist perspectives including feminist empiricist feminist standpoint and postmodern perspectives in order to bridge the divide between theory and research methods This text provides a unique hands on approach to research by providing exercises and behind the scenes glimpses of feminist researchers at work The in depth examples cover the range of research questions that feminists engage with including issues of gender inequality violence against women body image issues and the discrimination of other marginalized groups The Primer is written in a clear concise manner that offers students the opportunity to explore and practice a wide range of research from ethnography oral history focus groups and content analysis to interviewing and survey research A full chapter is devoted to feminist approaches to mixed methods research *Feminist Research Practice A Primer* is committed to the idea that research methods are best understood utilizing a hands on pedagogy Research tips and checklists are provided along the way for the novice researcher *Feminist Research Practice* Sharlene Nagy Hesse-Biber, 2013-07-18 The fully revised and updated Second Edition of *Feminist Research Practice A Primer* edited by Sharlene Nagy Hesse Biber draws on the expertise of a stellar group of interdisciplinary scholars who cover cutting edge research methods and explore research questions related to the complex and diverse issues that deeply impact women's lives This text offers a unique hands on approach to research by featuring engaging and relevant exercises as well as behind the scenes glimpses of feminist researchers at work The in depth examples cover the range of research questions that feminists engage with including issues of gender inequality violence against women body image issues and the discrimination of other marginalized groups Written in a clear concise manner that invites students to explore and practice a wide range of research the Second Edition offers seven new chapters that reflect the latest scholarship in the field a stronger focus on ethics new examples that bring concepts to life effective learning tools and more *Feminist Research Practice* Sharlene Nagy Hesse-Biber, 2011 ***Feminist Research Practice*** Sharlene Nagy Hesse-Biber, 2019 The second edition of *Feminist Research Practice* brings a stellar group of new and returning scholars with newly revised chapters from the first edition as well as completely new chapters that cover some cutting edge research methods ***Approaches to Teaching the Works of Edwidge Danticat*** Celucien Joseph, Suchismita Banerjee, Marvin Hobson, Danny Hoey, Jr., 2019-09-20 Providing an intellectual interpretation to the work of Edwidge Danticat this new edited collection provides a pedagogical approach to teach and interpret her body of work in undergraduate and graduate classrooms *Approaches to Teaching the Works of Edwidge Danticat* starts out by exploring diasporic categories and postcolonial themes such as gender constructs

cultural nationalism cultural and communal identity and moves to investigate Danticat's human rights activism the immigrant experience the relationship between the particular and the universal and the violence of hegemony and imperialism in relationship with society family and community The Editors of the collection have carefully compiled works that show how Danticat's writings may help in building more compassionate and relational human communities that are grounded on the imperative of human dignity respect inclusion and peace

**Archives and New Modes of Feminist Research** Maryanne Dever, 2020-04-28 In an era when the metaphor of the archive is invoked to cover almost any kind of memory collection or accumulation it is important to re-examine what is entailed politically and methodologically in the practice of feminist archival research This question is central not only to the renewed interest many disciplines are showing in empirical research in archives but also given the current explosion of online social and cultural data which has fundamentally transformed what we understand an archive to be Contributors in this collection are keen to mark out what may be novel and what is enduring in the ways in which feminist thought and feminist practice frame archives Importantly they engage with archives in their historical and political complexity rather than treating them as simple repositories of source material In this respect contributors are keenly interested in what it means to archive particular materials and not simply in what those materials may hold for feminist researchers The collection features established and emerging feminist scholars and brings together interventions from across such disciplines as history literature modernist studies cinema studies and law This book was originally published as a special issue of the journal *Australian Feminist Studies*

**The Oxford Handbook of Qualitative Research** Patricia Leavy, 2014 The Oxford Handbook of Qualitative Research presents a comprehensive and student friendly overview of the field of qualitative research and is intended for students of all levels faculty and researchers across the social sciences It provides strong focus on methods instruction with coverage of theoretical approaches analysis writing evaluation and the politics of research

*Handbook of Feminist Research* Sharlene Nagy Hesse-Biber, 2007 The topic feminist research has too often been neglected in standard research methods books The Handbook of Feminist Research represents the establishment of a new tradition or paradigm in viewing how the research process is implemented Feminist researchers bring unique epistemological and methodological perspectives to the research process Feminists approach to methodology allows for new types of questions about women's lives and those of other ed marginalized groups to be addressed within their respective fields of research This Handbook stresses the interconnections between epistemology methodology and methods They are not de-linked from each other but work together in dynamic ways to produce new knowledge and this openness itself is also characteristic of how feminist researchers approach their work Feminists engage synergistically with all three aspects of the research process epistemology methodology and method Through a synergistic connection between these elements of research epistemology methodology and method we find that feminist research often shapes new research endeavors that are greater than the sum of their parts In other words while traditional research employs these components

of research the synergistic engagement of these components in feminist research questions the status quo aiming to raise our consciousness about how we do research Looking at the selections provided in this Handbook we are able to look at feminist research its implementation of synergistic use of epistemology methodology and method and the resulting qualities of feminist research in practice **The SAGE Handbook of Current Developments in Grounded Theory** Antony

Bryant,Kathy Charmaz,2019-04-22 Building on the success of the bestselling The SAGE Handbook of Grounded Theory 2007 this title provides a much needed and up to date overview integrating some revised and updated chapters with new ones exploring recent developments in grounded theory and research methods in general The highly acclaimed editors have once again brought together a team of leading academics from a wide range of disciplines perspectives and countries This is a method defining resource for advanced students and researchers across the social sciences Part One The Grounded Theory Method 50 Years On Part Two Theories and Theorizing in Grounded Theory Part Three Grounded Theory in Practice Part Four Reflections on Using and Teaching Grounded Theory Part Five GTM and Qualitative Research Practice Part Six GT Researchers and Methods in Local and Global Worlds *Handbook of Gender Research in Psychology* Joan C.

Chrisler,Donald R. McCreary,2010-03-12 Donald R McCreary and Joan C Chrisler The Development of Gender Studies in Psychology Studies of sex differences are as old as the eld of psychology and they have been conducted in every sub eld of the discipline There are probably many reasons for the popularity of these studies but three reasons seem to be most prominent First social psychological studies of person perception show that sex is especially salient in social groups It is the rst thing people notice about others and it is one of the things we remember best Fiske Haslam Stangor Lynch Duan Glass 1992 For example people may not remember who uttered a witty remark but they are likely to remember whether the quip came from a woman or a man Second many people hold rm beliefs that aspects of physiology suit men and women for particular social roles Men s greater upper body strength makes them better candidates for manual labor and their greater height gives the impression that they would make good leaders i e people we look up to Women s reproductive capacity and the caretaking tasks e g breastfeeding baby minding that accompany it make them seem suitable for other roles that require gentleness and nurturance Third the logic that underlies hypothesis testing in the sciences is focused on difference Researchers design their studies with the hope that they can reject the null hypothesis that experimental groups do not differ

**Mobilising for Mobile Roma** Heini Puurunen,Raluca Bianca Roman,Kyösti Roth,Hilkka Helsti,Angelica Vironen,Elviira Davidow,Cristina Raţ,2020-07-21 The book focuses on civil society established institutions and forums radical groups NGOs and self organised individuals who are promoting inclusion and welfare of Eastern European Roma in the name of shared ethnic identities religious closeness and universal human rights in Greater Helsinki Finland Special attention is directed to methodological issues regarding the research for with by Roma **Handbook of Feminist Research** Sharlene Nagy Hesse-Biber,2011-10-30 This Handbook presents both a theoretical and practical approach to conducting social science

research on for and about women It develops an understanding of feminist research by introducing a range of feminist epistemologies methodologies and emergent methods that have had a significant impact on feminist research practice and women s studies scholarship Contributors to the Second Edition continue to highlight the close link between feminist research and social change and transformation The new edition expands the base of scholarship into new areas with 12 entirely new chapters on topics such as the natural sciences social work the health sciences and environmental studies It extends discussion of the intersections of race class gender and globalization as well as transgender transsexualism and the queering of gender identities All 22 chapters retained from the first edition are updated with the most current scholarship including a focus on the role that new technologies play in the feminist research process **Feminist Collections**

University of Wisconsin System. Women's Studies Librarian, University of Wisconsin System. Gender & Women's Studies Librarian, 2011 Women in Catholic Higher Education Sharlene Nagy Hesse-Biber, Denise Leckenby, 2003-06-24 Delving into discourse traditionally silenced by the Catholic hierarchy this edited collection observes the ways in which patriarchal structures often hinder women s advancement within Catholic institutions of higher learning The contributors describe their own conflicts and successes in their attempts to negotiate their academic careers and personal lives in the context of the clash between secular and Catholic patriarchal values The contributors suggest concrete steps toward social justice for women who teach and work in Catholic higher education **Feminist Research In Theory And Practice** Letherby, Gayle, 2003-02-01 This is a clear and accessible exploration of feminist method methodology and epistemology After situating herself and her work Gayle Letherby charts the debates concerned with the epistemological political and practical issues involved in doing feminist research and places the debates within a wider consideration of the status of knowledge The main focus of the book is then the particular and practical issues for feminist researchers It examines how the process of research affects the results of that research and explores the relation between politics and practice in terms of research and knowledge production Throughout the book there is a practical emphasis on specific examples of feminist research in action and as well as summarizing current theoretical debates Gayle Letherby adds to them Back cover **Handbook of Feminist**

**Research** Sharlene Nagy Hesse-Biber, 2007 The topic feminist research has too often been neglected in standard research methods books The Handbook of Feminist Research represents the establishment of a new tradition or paradigm in viewing how the research process is implemented Feminist researchers bring unique epistemological and methodological perspectives to the research process Feminists approach to methodology allows for new types of questions about women s lives and those of other ed marginalized groups to be addressed within their respective fields of research This Handbook stresses the interconnections between epistemology methodology and methods They are not de linked from each other but work together in dynamic ways to produce new knowledge and this openness itself is also characteristic of how feminist researchers approach their work Feminists engage synergistically with all three aspects of the research process

epistemology methodology and method Through a synergistic connection between these elements of research epistemology methodology and method we find that feminist research often shapes new research endeavors that are greater than the sum of their parts In other words while traditional research employs these components of research the synergistic engagement of these components in feminist research questions the status quo aiming to raise our consciousness about how we do research Looking at the selections provided in this Handbook we are able to look at feminist research its implementation of synergistic use of epistemology methodology and method and the resulting qualities of feminist research in practice

**Feminist Research in Practice** Maura Kelly, Barbara Gurr, 2019-09-05 Feminist Research in Practice is a supplementary text for undergraduate and graduate research methods courses The book opens with a detailed examination of feminist methodologies and sociological research methods followed by twelve chapters offering an in depth analysis of six research projects Invited scholars have each contributed two paired chapters the first is data driven and includes a description of methods and findings as well as analysis allowing contributors to highlight their application of feminist methods and approaches in their work In the second of each pair contributors offer a close reflection on the research process including obstacles and the emergence of new inquiries allowing readers to deepen their own understanding of feminist research as it is practiced The projects themselves are diverse in focus and approach with both large and small research teams working in varied communities and using an assortment of methods Feminist Research in Practice closes with an extensive bibliography of recent and established research literature for further consideration

**New Books on Women and Feminism**, 2007

**Feminist Praxis (RLE Feminist Theory)** Liz Stanley, 2013-05-20 Feminist social scientists often find that carrying feminism into practice in their research is neither easy nor straightforward Designed precisely with feminist researchers in mind Feminist Praxis gives detailed analytic accounts of particular examples of feminist research showing how feminist epistemology can translate into concrete feminist research practices The contributors all experts in their field give practical examples of feminist research practices covering colonialism child minding gay men feminist social work cancer working with young girls using drama Marilyn Monroe statistics even the writing and reading of research accounts These detailed accounts are located in relation to the position of feminism and of women generally in the academic world and looked at in the light of discussions debates and controversies about feminist methodology across several disciplines Feminist Praxis is unique in combining theoretical discussion of feminist methodology with detailed accounts of practical research processes This blend of the practical and the theoretical will make it an invaluable text for feminists carrying out research at all levels and it will also appeal to those interested in the relationship between theory method and feminist epistemology

*Contemporary Feminist Research from Theory to Practice* Patricia Leavy, Daniel X. Harris, Anne M. Harris, 2018-08-09 Exploring the breadth of contemporary feminist research practices this engaging text immerses the reader in cutting edge theories methods and practical strategies Chapters review theoretical work and describe approaches to conducting

quantitative qualitative and community based research with participants doing content or media analysis and evaluating programs or interventions Ethical issues are addressed and innovative uses of digital media highlighted The focus is studying gender inequities as they are experienced by individuals and groups from diverse cultural racial and socioeconomic backgrounds and with diverse gender identities Delving into the process of writing and publishing feminist research the text covers timely topics such as public scholarship activism and arts based practices The companion website features interviews with prominent feminist researchers Pedagogical Features Case examples of feminist research Running glossary of key terms Boxes highlighting hot topics and key points for practice End of chapter discussion questions and activities End of chapter annotated suggested reading books articles and online resources Sample letters to research participants Appendix of feminist scholars organized by discipline
