Life and Death in the Garden Kathryn Meyer,2014-09-11 This compelling book provides a rare glimpse into the

heart of wartime China Kathryn Meyer draws us into the perilous world of the Garden of Grand Vision a ramshackle structure where a floating population of thousands found shelter from the freezing Siberian winter They had come to the northern city of Harbin to find opportunity or to escape the turmoil of China in civil war Instead they found despair As the author vividly describes corpses littered the halls waiting for the daily offal truck to cart the bodies away vermin infested the walls and relief came in the form of addiction Yet the Garden also supported a vibrant informal economy Rag pickers and thieves recycled everything from rat pelts to cigarette butts Prostitutes entertained clients in the building s halls and back alleys These people lived at the very bottom of Chinese society yet rumors that Chinese spies hid among the residents concerned the Japanese authorities For this population lived in Manchukuo the first Japanese conquest in what became the Second World War Thus three Japanese police officers were dispatched into the underworld of occupied China to investigate crime and vice in the Harbin slums while their military leaders dragged Japan deeper into the Pacific War While following these policemen the reader discovers a remarkable and unexpected view of World War II in East Asia Instead of recounting battles and military strategy this book explores the margins of a violent and entrepreneurial society the struggles of an occupying police force to maintain order and the underbelly of Japanese espionage Drawing on the author s years of rediscovering the historical trail in Manchuria and research based on top secret Japanese military documents and Chinese memoirs this book offers a unique and powerful social and cultural history of a forgotten world **DK Travel Guide China DK**

This Handbook offers an up to date and comprehensive overview of core themes and concepts in community based tourism management. Providing interdisciplinary insights from leading international scholars, this is the first book to critically examine the current status of community based tourism. Organised into five parts, the Handbook provides cutting edge perspectives on issues such as Indigenous communities, tourism and the environment, sustainability and the impact of digital communities. Part 1 introduces core concepts and methodologies and distinguishes community products from other tourism and hospitality goods. Part 2 explores communities' attitudes towards tourism development and their engagement with and ownership of the process. It also delves into the role of community based tourism under the influence of governmental policies in the economic and social development of a region. In Part 3, various management, marketing and branding initiatives are identified as a means of expanding the tourism business. Part 4 examines the negative impacts of mass tourism and its threats to culture, tradition, identity, the built environment and natural heritage. In the final and fifth part, future challenges and opportunities for community based tourism initiatives are considered and

research based sustainable solutions are proposed Overall the book considers engaging local populations in tourism development as a way of building stronger and more resilient communities This Handbook fills a void in the current research and thus will appeal to scholars students and practitioners interested in tourism management tourism geography business studies development policy and practice regional development conservation and sustainability **China - DK Eyewitness Travel Guide** Dk Eyewitness,2018-05-28 Discover all that China has to offer including the Silk Road seeing the pandas in Chengdu experiencing traditional Chinese gardens and visiting China s most iconic cities including Beijing Shanghai and Hong Kong Includes illustrations and floor plans of key landmarks street by street guides information on popular sights and a traveler s guide with tips on hotels restaurants local customs transportation medical services museums and entertainment
