Vatican Council II: Constitutions, Decrees, Declarations

Austin Flannery, 1996-05-01 The sixteen official documents constitutions decrees and declarations of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive language edition translated by Irish Dominican Austin Flannery October 21 2008 As the worldwide Church continues to celebrate the fiftieth anniversary of the Council 1962-65 there is a great need in college classrooms and parish faith formation groups as well as for individuals to again have access to these documents in contemporary English As Flannery wrote in his introduction to the 1996 edition The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects It has been very considerably revised and in places corrected It is also to a very large extent in inclusive language I say to a very large extent because we have used inclusive language in passages about men and women but not however in passages about God except where the use of the masculine pronoun was easily avoidable Vatican Council II: The Conciliar and Postconciliar Documents Austin Flannery, 2014-08-28

Vatican Council II: The Conciliar and Postconciliar Documents Austin Flannery, 2014-08-28 Vatican Council II The Conciliar and Postconciliar Documents is now available in the widely used study edition translated by Irish Dominican Austin Flannery October 21 2008 This is the translation chosen for inclusion in The Catechism of the Catholic Church and the text that both students of the Council and students of the Catechism will want It contains all sixteen documents of the Second Vatican Council plus the forty nine later documents from popes and Vatican congregations that implement the details of the Council's decisions Special features of this study edition Larger page size with larger print and more generous margins Focus questions after each Council document help the reader comprehend the main points Creative questions assist the reader in applying the content of the Council documents to personal experience or to future development in the Church *Vatican II* Matthew L Lamb, Matthew Levering, 2008-04-30 In *Vatican II: Renewal Within Tradition* an international team of theologians challenges the standard view of the Council as causing a rupture with earlier Catholic teaching Examining each document issued they argue that The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II's documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition *Vatican II* Norman Tanner, 2012-09-04 By encouraging engagement with the modern world and a refocusing of traditional teaching the Second Vatican Council brought new life into the practice of Catholicism The council's impact on the Church is still playing out today and with many current church issues finding their roots in differing interpretations of Vatican II it has never lost relevance *Vatican II: The Essential Texts* brings together the key documents of the council As the council is commemorated on its 50th Anniversary readers will be returning to these source materials to understand the Church's developing positions on its relationship with the secular world and other religions the role of lay people human

rights and the common good the liturgy and other still highly relevant issues In addition to the introductions from Pope Benedict and James Carroll the documents will also be accompanied by brief historical prefaces from Professor Edward Hahnenberg

The Second Vatican Council Charles J. Chaput, IGNATIUS PR, Various, 2013-08-14

Introductory Essay by Pope Benedict XVI This collection includes the four constitutions of the Second Vatican Council the most popular and key documents for understanding the Council itself its decrees and its declarations Few events in the history of the modern Catholic Church have been as far reaching as the Second Vatican Council 1962-1965 And few have been as controversial No one denies great changes have come about since the close of the Council Have the changes been all good all bad or a mixture of both To what extent were the changes for good or ill the result of the Council itself Some have criticized the Council for not going far enough though they maintain that the spirit of Vatican II supports their rejection of many firmly established Catholic beliefs and practices Others claim the Council went too far and abandoned certain fundamental Catholic tenets in the name of updating the Church The popes of the Council John XXII and Paul VI and their successors who also participated in the Council John Paul I John Paul II and Benedict XVI have insisted that the Council itself was the work of the Holy Spirit They have aggressively criticized misinterpretations and distortions of it They insist that

the Council be understood in fundamental continuity with the Church's Tradition even while deepening the Church's self understanding and calling for authentic reforms and renewal of Catholic life Readers can learn for themselves what the Second Vatican Council taught using this highly accessible collection of its basic texts This book uses the Catholic Truth Society translation and features The Constitution on the Sacred Liturgy *Sacrosanctum Concilium* introduced by Cardinal Francis Arinze The Dogmatic Constitution on the Church *Lumen Gentium* introduced by Cardinal Paul Poupard The Dogmatic Constitution on Divine Revelation *Dei Verbum* introduced by Archbishop Charles J Chaput OFM Cap The Pastoral Constitution on the Church in the Modern World *Gaudium et Spes* introduced by Cardinal Angelo Scola Four major aspects of the Church's life the Sacred Liturgy the mystery of the Church herself the Word of God and the Church in the world as it is today are explored No twenty first century Catholic should be without these four foundational texts in this superb translation The collection also includes a general introduction by Archbishop Salvatore Cordileone of San Francisco as well as an address given by Pope Emeritus Benedict XVI in 2005 explaining how best to understand the Second Vatican Council in the history of the Church

Vatican II Massimo Faggioli, 2012 The death of John Paul II and the election of Benedict XVI constituted two important elements in the broad theological and cultural landscape of Catholicism This change of pontificate has also nourished the journalistic and political dispute about Vatican II its history and its legacy and not only the historiographical and theological debate But the research on Vatican II is already proceeding forward and beyond the state of knowledge about the Council reached at the end of the 90s For 21st century Catholics and theologians interested in understanding contemporary Catholicism in the light of Vatican II the intellectual undertaking is far from accomplished yet The book offers comprehensive presentation of the theological and historiographical debate about Council Vatican II The attempt to go beyond the clash of interpretations Vatican II as a rupture in the history of Catholicism on one side the need to read Vatican II in continuity with the tradition on the other is necessary indeed because the ongoing debate about Vatican II is largely misrepresented by the use of clashing interpretations as a tool for understanding the role of the council in present day Catholicism

A Layman's Guide to Vatican II Arnaud de Lassus, 2019-10 Wondering what to think about the doctrinal deviations of Vatican II The laity cannot remain silent in the face of the errors that threaten their Faith While remaining in their place as laity they must fight these errors and at the same time know well profess and defend the truths to which these errors are opposed Fr Arnaud De Lassus The Layman's Guide to Vatican II is a summary of the need to know essentials from the Second Vatican Council It offers a concise outline of events an explanation of the Council origins and a breakdown of its key documents Using accessible language it proceeds with astounding clarity to define and explain each of the errors of Vatican II Topics of interest for the curious Catholic History of Vatican II Documents produced by Vatican II What are Religious Liberty Collegiality and Ecumenism Protestant inspired shift from a God focused Church to a man focused Church Departure of the Second Vatican Council from the traditional teachings of the Church This brief easy to read text is an aid for

Catholics to better understand Vatican II and today's modern crisis. If you're looking for quick access to the facts or simply trying to help others understand what really happened at the Second Vatican Council, this book is for you.
