Dmitri A Tale Of Old And New Russia:

Dmitri Olive Jeanfreau Alexander,2008-06-01 Tells of the experiences of Dmitri a small purple dragon in a tale that parallels Russian history from 800 A D to the present day **The Russian Presidency of Dmitry Medvedev, 2008-2012** J. L. Black,2014-08-21 The term tandem was used to describe the Putin Medvedev combination which ruled Russia from 2008 to 2012 when Medvedev was president and Putin prime minister Many people saw Putin as the real wielder of power with Medvedev as his puppet Others however saw Medvedev as a visionary someone who envisioned large scale schemes even though these schemes have not yet come to fruition At the same time many in the West regarded Medvedev favourably and gave him credit for raising expectations among both the elite and the middle classes in Russia in such a way as to make it difficult for the Russian state to return to its old ways This book presents a comprehensive survey of the Medvedev presidency covering all areas including politics the economy international relations and social developments The author concludes that it is still too early to assess Medvedev s achievements definitively **The Critic** Jeannette Leonard Gilder,Joseph Benson Gilder,1890 **The Literary World** ,1890 **Historic Tales, Vol. 8 (of 15)** Charles Morris,2020-08-14 Reproduction of the original Historic Tales Vol 8 of 15 by Charles Morris **Self and Story in Russian History** Laura Engelstein,Stephanie Sandler,2018-08-06 Russians have often been characterized as people with souls rather than selves Self and Story in Russian History challenges the portrayal of the Russian character as selfless self effacing or self torturing by exploring the texts through which Russians have defined themselves as private persons and shaped their relation to the cultural community The stories of self under consideration here reflect the perspectives of men and women from the last two hundred years ranging from westernized nobles to simple peasants from such famous people as Tolstoy Dostoyevsky Akhmatova and Nicholas II to lowly religious sectarians Fifteen distinguished historians and literary scholars situate the narratives of self in their historical context and show how since the eighteenth century Russians have used expressive genres including diaries novels medical case studies films letters and theater to make political and moral statements The first book to examine the narration of self as idea and ideal in Russia this vital work contemplates the shifting historical manifestations of identity the strategies of self creation and the diversity of narrative forms Its authors establish that there is a history of the individual in Russian culture roughly analogous to the one associated with the West Everyland Lucy W.
