Ethics Emotion And The Unity Of The Self Routledge Revivals Volume 4:

Ethics, Emotion and the Unity of the Self (Routledge Revivals) Oliver Letwin, 2010-07-02 This Routledge Revival reissues Oliver Letwin's philosophical treatise *Ethics Emotion and the Unity of the Self* first published in 1987 which concerns the applicability of the artistic classifications of romanticism and classicism to philosophical doctrine Dr Letwin examines three particular theses associated with philosophical romanticism that there is within us a high self and a low self that there is a moral self in inevitable conflict with an amoral self and that there is a rational self disjoined from and in tension with a passionate self He argues that these notions of philosophical romanticism are in fact radically false and instead takes the view that man can be a unified being of the sort described by philosophical classicists But man has to work to achieve this status The intrinsic unity of the human personality is not a guarantee of a coherent life but a challenge to be met

Subject Guide to Books in Print, 1996 **Paperbound Books in Print**, 1992 **The Fabric of Self** Diane Rothbard Margolis, Professor Diane Rothbard Margolis, 1998-01-01 Margolis illuminates our path through a cluttered conceptual territory I think this is a straining important contribution to our understanding of emotion and the self Arlie Russell Hochschild author of *The Time Bind When Work Becomes Home and Home Becomes Work* Margolis's grasp of the complexities of selfhood in contemporary life is a key contribution of her work She takes us on a fascinating and readable excursion in social theory John P Hewitt author of *Dilemmas of the American Self* Ways of viewing the self change when social environments change argues Diane Rothbard Margolis in this powerful work of social theory She analyzes six views of the self found in contemporary Western cultures and shows how each plays a critical role in society and in our everyday lives Each image of the self is a moral construct expressing what is forbidden allowed and expected Each was created at a historical moment that demanded a new assessment of right and wrong No moral orientation is in absolute terms better or worse than any other Margolis contends each continues to exist because it permits or demands some form of action required by contemporary society Although the idea of the self as an individualistic exchanger rational self interested competitive may dominate current discourse especially in market economies Margolis describes other constructs the obligated self the cosmic self the reciprocating self the called person and the civic self She delineates the moral ideas from which these images arise and develops a theory of emotions to explain how we live by several moral orientations simultaneously Her perspective on moral orientations and emotions illuminates such contemporary dilemmas as why women and men may play the same social role quite differently why women encounter the glass ceiling and why nationalism persists despite the growth of world markets

Virtuous Emotions Kristján Kristjánsson, 2018-04-20 Many people are drawn towards virtue ethics because of the central place it gives to emotions in the good life Yet it may seem odd to evaluate emotions as virtuous or non virtuous for how can we be held responsible for those powerful feelings that simply engulf us And how can education help us to manage our emotional lives The aim of this book is to offer readers a new Aristotelian analysis and moral justification of a number of

emotions that Aristotle did not mention awe grief and jealousy or relegated at best to the level of the semi virtuous shame or made disparaging remarks about gratitude or rejected explicitly pity understood as pain at another person s deserved bad fortune Kristj n Kristj nsson argues that there are good Aristotelian reasons for understanding those emotions either as virtuous or as indirectly conducive to virtue Virtuous Emotions begins with an overview of Aristotle s ideas on the nature of emotions and of emotional value and concludes with an account of Aristotelian emotion education **Morality and Emotion** Sara Graça da Silva,2016 6 Moral feelings from rocky fictional ground 7 Emotional rescue and au ralenti some stories about images Index **Ethical Relativity** Edward Westermarck,1960 About 5 p of enlightened discussion of homosexuality pp 192 ff P Thorslev **The Self, the Soul and the Psychology of Good and Evil** İlham Dilman,2005 The way an individual s psychology is intertwined with their morality is the subject of this fascinating book from the pen of the late İlham Dilman Dilman convincingly argues that evil though it cannot be reduced to psychological terms it is a moral concept is explicable in terms of an individual person s psychology Goodness by contrast comes from the person and not their psychology Philosophers the world over will want to read this book and see how Dilman skilfully defends his arguments
