Genesis Redesign Beginning And Blessing Preaching The Word:

Genesis R. Kent Hughes, 2004-10-26 The book of Genesis contains some of the most beautiful and well known stories in the Bible the garden the flood the tower of Babel and the lives of the patriarchs But these are more than just good stories They lay the groundwork for God s relationship with humanity and for his plan for our salvation making Genesis foundational to understanding everything else that happens in the Bible Genesis reveals much about human nature and the nature of God From the actions of the first man and woman we see where our rebellious sinful nature originates And through the whole book we see the hand of a sovereign God who is loving and merciful but also just and holy Time and again in Genesis God showers his grace upon undeserving humanity giving us our first tastes of God s enduring faithfulness that shines throughout the entire Bible R Kent Hughes respected pastor and author of many other commentaries in the Preaching the Word series takes readers back to the beginning of the Bible and moves through Genesis with careful exegesis He explores the superbly crafted structure of the book as well as the weighty themes it contains For those who preach teach and study God s Word this exceptionally detailed work will reveal much about the beginnings of God s great story Part of the Preaching the Word series

Publisher **Genesis** Abraham Kuruvilla, 2014-02-17 Genesis A Theological Commentary for Preachers engages hermeneutics for preaching employing theological exegesis that enables the preacher to utilize all the narrative units of the book to craft effective sermons This commentary unpacks the crucial link between Scripture and application the theology of each preaching text i e what the author is doing with what he is saying Genesis is thus divided into thirty five narrative units and the theological focus of each is delineated The overall theological trajectory theme of the book divine blessing creating

for blessing Gen 1 11 moving towards blessing Gen 12 24 experiencing the blessing Gen 25 36 and being a blessing Gen 37 50 is thus progressively developed The specificity of these theological ideas for their respective texts makes possible a sequential homiletical movement through each pericope of the book enabling the expositor to discover valid application for sermons While the primary goal of the commentary is to take the preacher from text to theology it also provides two sermon outlines for each of the thirty five units of Genesis The unique approach of this work results in a theology for preaching commentary that promises to be useful for anyone teaching through Genesis with an emphasis on application

The Gospel in Genesis Martyn Lloyd-Jones, 2009-10-07 In this series of never before published sermons beloved teacher Martyn Lloyd Jones walks readers through the early chapters of Genesis The Gospel in Genesis starts with the fall of man and ends with the call of Abram as it examines portions of chapters 3 12 Along the way Lloyd Jones talks of serpents and sin of the Word of God and the Babel of man But the destination of The Gospel in Genesis is clear readers will be moved from fig leaves in the garden to faith in the gospel Thus Lloyd Jones preaches the gospel of Jesus Christ from the pages of Genesis These nine sermons will snap nonbelievers out of their apathy toward God and will embolden believers to share the only gospel that offers answers to life's biggest questions

Creation and Blessing Allen P. Ross, 1997-02-01 Creation and Blessing is an exceptionally helpful guide for pastors and teachers Its literary exegetical and theological analyses will enrich any exposition of Genesis The author's purpose is to help the reader appreciate the major literary and theological motifs that form the theological ideas in the narratives and to demonstrate how these theological ideas can be developed into clear and accurate expository ideas To accomplish this goal he divides Genesis into more than sixty units discussing each unit's theological ideas describing its structure and synthesizing its message as well as providing an exegetical outline an expository outline and a bibliography
