Post-9/11 Cinema John Markert,2011-08-05 In contemporary society cinema has become a primary way in which people gain knowledge about events taking place in the world Films often go beyond news reports by showing in depth behind the scenes footage whether in a documentary or recreated in fictional features More than fleeting scenes of events shown on the nightly news a film can influence people s feelings about war and what our political leaders should do about it This has certainly been the case since the attack on 9 11 and the subsequent incursions into Iraq and Afghanistan In Post 9 11 Cinema Through a Lens Darkly John Markert takes a close look at the films depicting these events Covering cinematic portrayals of 9 11 and the attacks that followed this book examines both dramas and documentaries that depict what some have termed Bush s war as well as rebuttal films films about terrorist activities and films seen from the vantage point of journalists and military personnel Post 9 11 Cinema not only shows how motion pictures reflect societal values but also how such works can influence social attitudes and thus promote change In addition Markert appraises the film industry and critiques how images are manipulated to sway the viewer to appreciate the side being advocated Examining such dramas as The Messenger Stop Loss The Lucky Ones In the Valley of Elah and The Hurt Locker as well as documentaries including Fahrenheit 9 11 Soldiers of Conscience and Taxi to the Dark Side Post 9 11 Cinema is a valuable read for professors of media and mass communication popular culture and film studies as well as cultural sociologists **From Me to We** Jason

Hella Nation Evan Wright,2016-10-24 Hella Nation charts Wright s deeply personal journey from his stark but sympathetic portrayals of sex workers in Porn Valley to his raw portrait of a Hollywood ber agent turned war documentarian and hero of America s far right Along the way he meets runaway teens in Hollywood earning corporate dollars as skateboard pitchmen radical anarchists plotting the overthrow of capitalism from tree sits in the Oregon rainforest and young American troops on the hunt for terrorists in the combat zones of the Middle East His subjects are people for whom The American Dream is either just out of grasp or something they have chosen to reject altogether Sometimes frightening usually profane and often darkly comic Hella Nation is Wright s meticulously observed tour of the jagged edges of all those other Americas hiding in plain sight
