Genesis 1 To 11 Creation Sin And The Nature Of God MacArthur Bible Studies:

Genesis 1 to 11 John F. MacArthur, 2015-12-01 The first eleven chapters of the book of Genesis hold the keys to the beginning but not so much as a history of the world or of the human race but as a history of God's love, grace and promise to his creations. In this study, pastor John MacArthur will guide you through an in-depth look at the creation story and some of our earliest interactions with each other and with our Creator. From the first murder to the first covenant, this study includes close-up examinations of Adam, Eve, Cain, Abel, and Noah, as well as careful considerations of doctrinal themes such as The Fall of Man and Heritage and Family. It's from this point that you'll find your footing to understand the rest of the Bible more easily. So much happens in these first eleven chapters they need their own study. **ABOUT THE SERIES** The MacArthur Bible Study series is designed to help you study the Word of God with guidance from widely respected pastor and author John MacArthur. Each guide provides intriguing examinations of the whole of Scripture by examining its parts and incorporates extensive but straight-forward commentary on the text. Detailed observations on overriding themes, timelines, history and context. Word and phrase studies to help you unlock the broader meaning and apply it to your life. Probing interactive questions with plenty of space to write down your response and thoughts. **Genesis 12 to 33** John F.

MacArthur, 2015-12-01 Abraham is known as the father of Israel because God appeared to him and promised that his descendants would become a great nation. Yet Abraham is much more than the patriarch of a select group of ancient people. Through Abraham's descendants, God's own Son, Jesus, was born. It's through Abraham that God blessed all people. In this study, pastor John MacArthur will guide you through an in-depth look at the historical period beginning with Abraham's call from God, continuing through his relocation in the land of Canaan and concluding with the story of his grandsons, Jacob and Esau. This study includes close-up examinations of Sarah, Hagar, Ishmael, and Isaac, as well as careful considerations of doctrinal themes such as Covenant and Obedience and Wrestling with God. **ABOUT THE SERIES** The MacArthur Bible Study series is designed to help you study the Word of God with guidance from widely respected pastor and author John MacArthur. Most interpreters acknowledge that in the context of Genesis 9:18-29, Noah's curse of Canaan seems to be an overreaction and off-target, but almost all readers, including ideologically motivated interpreters and modern biblical scholars with no desire to weaponize the curse, presume that a good interpretation should overcome the initial reaction that Noah's curse seems unjust. This book argues the opposite. Reading through the lens of interest convergence from critical race

theory and performative utterances from speech act theory this book proposes that intertextual connections between Genesis 9 18 29 and the stories in Genesis 2 3 show Noah and his actions as an ironic recurrence of the Adam and Eve narrative and the injustice of Noah's curse serves as a crucial element in this ironic depiction and the primeval history as a whole Provided by publisher

Exodus and Numbers John F. MacArthur, 2015-12-01 Although the descendants of Jacob moved to Egypt as honored guests in time they became despised slaves groaning under the mistreatment of Pharaoh In response to the people's cries God called a man named Moses to lead the Israelites out of Egypt into Canaan but their journey took a dramatic forty year detour when they failed to trust in God In this study pastor John MacArthur will guide you through an in depth look at the historical period beginning with God's calling of Moses continuing through the giving of the Ten Commandments and concluding with the Israelites preparations to enter the Promised Land This study includes close up examinations of Aaron Caleb Joshua Balaam and Balak as well as careful considerations of doctrinal themes such as Complaints and Rebellion and Following God's Law ABOUT THE SERIES The MacArthur Bible Study series is designed to help you study the Word of God with guidance from widely respected pastor and author John MacArthur Each guide provides intriguing examinations of the whole of Scripture by examining its parts and incorporates Extensive but straight forward commentary on the text Detailed observations on overriding themes timelines history and context Word and phrase studies to help you unlock the broader meaning and apply it to your life Probing interactive questions with plenty of space to write down your response and thoughts

Nature and Creation Richard H. Hiers, 2023-04-18 People have lived on Earth since before recorded history depending on nature to provide for and clean up after them But Nature cannot do it all anymore Too many people too much trash and too much toxic waste People have long lived in interdependence with other living things Yet humans now degrade and destroy the global environment that nurtures all species including human beings Human activities contaminate earth air and sea causing thousands of species to go extinct Rising global heat produces vicious cycles of catastrophic drought fires horrific storms floods famines and massive migrations by desperate climate refugees We don't hear much anymore about man's conquest of nature Nature God's creation now clearly has the last word Contrast the theocentric faith and ethics embedded in the Old and New Testaments Here the good world that God created and continues to create was made to be shared with all other living things All alike are made from the earth and destined to return to it Humans were meant to till the soil appreciate enjoy and care for life around them and trust their Creator for what is yet to be

The Man Who Saved the United States Robert Lee Scarborough, 2008-03 Dr Michael Jeremiah and his family are professing Christians fulfilling their life dreams As good Bible students they know that Some 2000 years ago Jesus Christ was crucified buried and on the third day rose from the dead He died with a mortal body and was resurrected with an immortal body Over 500 persons witnessed Him in His resurrected form After 40 days He gathered His Apostles and gave orders for their mission on the earth After He had spoken He was lifted up as the Apostles watched a cloud received Him out of their sight as he ascended into

Heaven Two angels standing beside the Apostles said This Jesus who has been taken up from you into Heaven will come in just the same way as you have watched Him go into Heaven Other scriptures tell us that some day He will return to the earth But sometime prior to this Christ will descend from Heaven with a shout and the trumpet of God to call all true Christians to be caught up in the clouds to meet Him in the air and be taken to Heaven At the moment of this event often called the Rapture Michael and his family look forward to being changed from mortal to immortal bodies and to dwell with God in Heaven forever THEIR LIVES ARE DISRUPTED by 9 11 and the War on Terror Michael Jeremiah the Supreme Council and his family are thrust into positions of power in order to save the teetering United States from economic social and moral collapse Michael relies on his family ties placing many of them in key leadership positions Dr Tandatina Allio Michael s wife a world renown brain surgeon is his second in command His father Vice Admiral John is Director of NSA his grandfather Admiral Peter is Director of Intelligence his brother Thomas is Secretary General of the UN and his sister Rebecca is Director of the Red Cross All the while Michael Jeremiah and his family move through life with the understanding that the Rapture is near But we are getting ahead of ourselves Let s go back to the beginning of this story AMERICA IS IN CRISIS This was the newspaper headline America in Crisis Polls show Americans are fearful of both the present and the future There seems to be no hope Americans want demand that they be rescued that our nation s many problems be solved Rescued from what Solve what problems A respected panel published a white paper on the subject They reported It is near the end of the George W Bush administration The country is being torn apart over the wars in Iraq and Afghanistan At least at times it appears to be President Bush s private war He never asked Congress for a Declaration of War nor asked the Nation to be directly involved as it was during World War II Our military s hands tied by politics The Nation is in chaos with almost everyone demanding their rights their freedom to do whatever they wish Terrorists have attacked again in four cities more than 30 000 killed Vicious gangs and drug pushers demand their rights our police are handcuffed Purveyors of filth shout freedom of speech pornography is called art Christians and Jews are muzzled Our founding fathers knew that everything has limits and boundaries The Judeo Christian ethic provided the moral foundation to go with our rights and freedoms and moral boundaries were set But now these moral boundaries are absent and freedoms are turning to license edging closer and closer to anarchy Our people do not feel safe sending their children to school leaving their homes Fear is everywhere faith in government is near zero The People pray for a man a superman a bold knight to rescue them and the nation MICHAEL JEREMIAH and the Supreme Council OFFER HOPE During times of crisis 1 *Genesis 12 To 33* John F. Religious and Theological Abstracts ,1996 *The Battle for the Beginning* John F. MacArthur,2005-03-20 The battle lines have been drawn Is the enemy winning Thanks to the theory of evolution writes best selling author John MacArthur naturalism is now the dominant religion of modern society Less than a century and a half ago Charles Darwin popularized the credo for this secular religion Naturalism has now replaced Christianity as the main religion of the Western world and evolution has become its principal dogma Many Christians who claim to believe that the Bible is God's revealed truth seem willing to allow modern scientific theories to replace the Genesis account of creation Such compromises present a conspicuous danger Bible teacher and pastor John MacArthur believes that in Genesis 1-3 we find the foundation of every doctrine that is essential to the Christian faith the vital underpinnings for everything we believe The Battle for the Beginning draws a clear line on today's theological landscape Everything in Scripture that teaches about sin and redemption assumes the literal truth of the first three chapters of Genesis If we wobble to any degree on the truth of this passage John MacArthur insists we undermine the very foundations of our faith

The Battle for the Beginning John MacArthur, 2001. Explores the Bible's claims about creation, evolution and the issues at stake in the dispute over the beginning of the universe, comparing the events of Genesis 1 to scientific evidence and demonstrating how readers can hold on to their faith.

What Happened in the Garden Abner Chou, 2016. Evangelicals are no strangers to the creation versus evolution debate. Now the argument has spread beyond the contents of the creation account and into Genesis 2-3 with speculation about the historicity of Adam and the fall. But does it matter which position one holds? Is anything really at stake? The faculty of The Master's College come together to contend that the second and third chapters of Genesis are indeed historical, that there are excellent reasons for believing so, and that it is an essential issue within Christian thought and life. The contents of these chapters establish the history of how everything in the world came to be what it is today. This Scripture passage, Genesis 3, especially explains what we observe in the legal system, literature, gender roles, education, psychology and science. Far from irrelevant, the theology and historicity of Genesis are in fact critical to our everyday lives. What Happened in the Garden includes new scientific, literary, business, educational and legal perspectives on creation. Through this multidisciplinary look at the debate, the contributors prove that to change our understanding of the fall is to change the way we understand reality, to revise the Christian worldview and to reshape the faith itself.

The Consequences of Sin John MacArthur, 1985.

The Beginning of the World Henry Morris III, 1991-10-01. The Beginning of the World is an in depth Bible study of Genesis revealing the scientific proof of Creation. Sadly, the unproven theory of evolution is now widely accepted among Christians. Faith in this philosophy subtly yet assuredly undermines faith in the authority and infallibility of Scripture. In this Bible study resource, Dr. Henry Morris shines a bright light on the synchronicity between the Bible and modern science. If the first eleven chapters of the Bible are considered allegory or myth, how will new and immature Christians relate to the Ten Commandments? Dr. Morris, the founder of the Institute for Creation Research, recognizes the attack on the foundational message of the Bible as Satan's long war against God. His professional scientific and biblical research is aimed at defeating the lies of evolution and defending the Bible. The New Testament directly quotes or alludes to the Book of Genesis no less than 200 times, with half of these referring to the first 11 chapters of Genesis. Jesus Christ quoted or referred to each of the first 7 chapters of Genesis alone. All of these references show that both Christ and the apostles accepted Genesis not only as fully historical but also as divinely inspired. The Beginning of the World offers careful analysis of following topics and many more, revealing their relevance and or application to our 21st century lives: The fallacies of Evolution, The Meaning of

Marriage The Giants in the earth The Geological Implications of the Flood The Noahic Covenant The Table of Nations Nimrod and the Tower of Babel If you love the Bible but experience difficulty in defending it against intellectual arguments you will find this Bible study resource extremely helpful Perhaps Dr Morris writes to help you and your church withstand the academic attack and ridicule of the Christian faith by supplying a solid and intelligent knowledge of the complete integrity of Genesis This book is an excellent study aid for Bible teachers Bible study groups and individual study by both scholars and laymen Discussion questions are offered at the end of each chapter Genesis 1-25 Charles E. Hummel, Anne Hummel, 2011-10-18 Do you struggle to know and follow God s call for you in the world In this fourteen session LifeGuide Bible Study on Genesis tells us that even the giants of faith Abraham Isaac Jacob and Joseph struggled to obey their Creator But Genesis also reveals the amazing truth that the God who called a world and a nation into being also calls each of us to serve him
