## **Genesis Idolatry Book Quent Cordair:**

**Genesis** Quent Cordair,2015-12-04      **Identity and Idolatry** Richard Lints,2015-08-10 In this New Studies in Biblical Theology volume Richard Lints argues that idol language in the Bible is a conceptual inversion of the image language of Genesis 1 He shows how the narrative of human identity runs from creation to fall to redemption in Christ and examines the recent renaissance of interest in idolatry with its conceptual power to explain the culture of desire      *We Become What We Worship* G. K. Beale,2008-10-08 The heart of the biblical understanding of idolatry argues Gregory Beale is that we take on the characteristics of what we worship Employing Isaiah 6 as his interpretive lens Beale demonstrates that this understanding of idolatry permeates the whole canon from Genesis to Revelation      *Idolatry in the Pentateuch* Tracy J. McKenzie,2010-02-04 Idolatry in the Pentateuch addresses both the manner in which the Pentateuch was produced and how theological intentions can be discerned from the texts that constitute it McKenzie attempts to read the final shape of the Pentateuch while not ignoring the diachronic complexities within its pages Using a compositional approach to the Pentateuch he establishes his methodology analyzes several idolatry related texts and traces the theological intentions through an inner textual strategy Moreover McKenzie briefly considers the history of interpretation through the last few centuries and discusses the state of Old Testament studies as he understands it      **We Become what We Worship** Gregory K. Beale,2008 The heart of the biblical understanding of idolatry argues Gregory Beale is that we take on the characteristics of what we worship Employing Isaiah 6 as his interpretive lens Beale demonstrates that this understanding of idolatry permeates the whole canon from Genesis to Revelation Beale concludes with an application of the biblical notion of idolatry to the challenges of contemporary life Publisher      *Idolatry* Moshe Halbertal,Avishai Margalit,1998-08-19 Ranging with authority from the Talmud to Maimonides from Marx to Nietzsche and on to G E Moore this account of a subject central to our culture also has much to say about metaphor myth and the application of philosophical analysis to religious concepts and sensibilities      *Idolatry* Stephen C. Barton,2007-07-10 Presenting a study of the nature and significance of idolatry this work covers theoretical perspectives the Old Testament Early Judaism the New Testament and Christian Theology The contributors include Tim Jenkins Robert Hayward John Barclay and James Dunn It is aimed at scholars students clergy church workers and educated lay people      **Idolatry** Stephen E. Fowl,2019 No one purposefully chooses to become an idolater No one consciously abandons the living God to fall prey to a pantheon of earthly gods Yet idolatry has a way of subtly seeping into the cracks of human life In *Idolatry* Stephen E Fowl explores how believers lapse into idolatry a process he insists is much different from the decision of those who have rejected belief in God He asserts that the Old Testament s account of Israel s idolatry as dramatic folly and betrayal describes the after effects of idolatry not the process of how believers lapse into idolatry Idolatry is a process of slowly diverting love and attention away from the one true God and toward false gods Fowl identifies the various habits practices and dispositions that can lead to this process using Scripture to demonstrate different

ways believers become inclined to idolatry He first turns to Deuteronomy to show how to combat idolatry by remembering the grace of God He then examines Ephesians and Colossians to demonstrate how the suggested practices of thanksgiving and gratitude can serve as the antidotes to idolatrous greed He looks to 1 John to find the love that casts out the fear and insecurity that the books of Kings Isaiah and Luke name as the forerunners of idolatry Finally he examines curiosity traditionally considered a vice and how it turns believers toward idols unless it is countered by an undistracted focus on Jesus Idolatry looms over believers in a world overflowing with false gods but Fowl offers hope By diagnosing and defining the root causes of idolatry before these initial temptations become precipitated actions Christians learn to navigate a world littered with false idols to live abundantly with the one true God      *Of Idolatry. [By Henry Hammond, D.D.].* IDOLATRY.,1646
