Mann, 2025-01-15 Old Testament Narratives and Speech Act Theory explores the creative power of words in Old Testament narratives While the most famous example of this phenomenon might involve divine utterances such as Let there be light Gen 1:1 Steven T Mann argues that human characters can also create worlds with their

words in an attempt to influence the imaginations and therefore actions of their listeners This study focuses on the performative nature of speeches that are found in several key Old Testament narratives including Genesis 4 1 26 18 16 33 Exodus 1 8 22 32 1 14 Numbers 13 14 2 Samuel 7 1 17 Amos 7 1 6 and Jonah 2 1 10 4 2 3 Within these narratives characters use their words to create competing worlds that clash as they attempt to advance their own agendas The storyteller's portrayal of these narrative worlds invites the audience to incorporate viewpoints of certain characters into their own world
