Genocide Howard Ball,2010-11-18 This book presents the background and history of genocide the key issues associated with this worldwide crime and the problems inherent in preventing its occurrence In 1948 the UN General Assembly adopted the Convention on the Prevention and Punishment of the Crime of Genocide CPPCG legally defining the crime of genocide for the first time Amazingly the United States did not ratify this international agreement until nearly 40 years later when President Reagan finally signed the genocide convention bill Attempts to enforce international law against genocide did not begin until the 1990s Genocide A Reference Handbook examines the antecedents of the term genocide in the mid 19th century and explains the current challenges of preventing or even stopping genocide including the nation state system and principles of state sovereignty The author documents how crimes of genocide have continued unchecked and asserts that a collective commitment to humanitarian intervention is the only way to address this ongoing problem *War Crimes,*

Genocide, and the Law Arnold Krammer,2010-04-09 This timely handbook offers an examination of man s history of war crimes and the parallel development of rules of war to prevent them in the future Kosovo Rwanda Sierra Leone Darfur Auschwitz War crimes have occurred in regions around the world and continue to this day Although atrocities are as old as war itself they did not become punishable crimes until the law evolved to define them as such War Crimes Genocide and the Law A Guide to the Issues examines the types of war crimes and the motivations behind them as well as the laws that seek to control and abolish these heinous acts Within the handbook centuries of war crimes and genocides are analyzed and catalogued At the same time the author offers a history of the development of the rules of war enabling readers to grasp the importance of such precedent setting events as the 1946 Nuremberg Trials and to see the gradual evolution of the laws intended to punish perpetrators and prevent future barbarism **Atrocities, Massacres, and War Crimes** Alexander

Rethinking Genocide Theory Miles L. Hochstein, 1994 **The War on Terrorism and the Terror of God** Lee Griffith, 2004 Uniquely relevant in a world shaken by recent acts of terror this title calls people of faith to the way of peace the Christian response to evil and violence DYING TO KILL Kieran Beville, 2014-11-26 This is a comprehensive study of euthanasia and assisted suicide It traces the historical debate examines the legal status of such activity in different countries and explores the political medical and moral matters surrounding these emotive and controversial subjects in various cultural contexts The key advocates and pioneers of this agenda driven movement such as the late Jack Kevorkian popularly known as Dr Death and Philip Nitschke founder of Exit International are profiled Not only are the elderly and disabled becoming increasingly vulnerable but children psychiatric patients the depressed and those who are simply tired of life are now on a slippery slope into a dystopian nightmare The spotlight is brought to bear on the Netherlands in particular where palliative care and the hospice movement are greatly underdeveloped as a result of legalization These dubious services are now offered as part of normal medical care in Holland where it is deemed more cost effective to be given a lethal injection The vital role of physicians as healers in society must be preserved and the important but neglected spiritual dimension of death must be explored Thus a biblical view of human life is presented Death and bereavement are universal phenomena and people of all faiths and those of none have a legitimate right to comment However the historic Christian tradition is struggling to be heard in the clamor for personal autonomy and civil liberties in a multi cultural society that is becoming increasingly secular This work provides an ethical framework in which euthanasia and assisted suicide can be evaluated These issues are on the radar indicating a collision course with Christian values It is time for Christians to be alert and to present the case that these are not satisfactory solutions to legitimate end of life concerns
