From Environmental Action to Ecoterrorism? Gerry Nagtzaam, 2017-01-27 This book scrutinizes the growth of the eco terrorism movement operating on a global scale focusing on the main groups and their more radical offshoots both historically and those currently active These include Earth First the Earth Liberation Front the Animal Liberation Front and the Sea Shepherd Conservation Society It critically examines how these groups form and how they have evolved their key personnel their strategies and tactics principles motivating philosophies and attitudes to violence Specifically the book seeks to understand whether such groups inevitably evolve from activists to militants to terrorists as the literature suggests Lastly it considers the future of such groups asking whether they will become more prominent as more people become ecologically aware and as global environmental conditions deteriorate or whether such groups have peaked as a force for environmental change

The Oxford Handbook of the History of Terrorism Carola Dietze, Claudia Verhoeven, 2022 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with

local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators

Naval Engineers Journal ,1997 **National Environmental Enforcement Journal** ,2002 **Eco-Terrorism: Crimes in the Name of the Environment** Amilia P. Seward,2024-12-19 Dive into the shadowy intersection where environmental activism meets criminal behavior in *Eco Terrorism Crimes in the Name of the Environment* This eye opening examination pulls back the curtain on a controversial movement where passion for environmental protection transforms into destructive action From midnight sabotage missions to sophisticated cyber attacks this book examines the complex world of environmental extremism Through extensive research and analysis readers will explore the minds of those who believe that conventional activism isn t enough and choose to cross the line into criminal territory This compelling investigation draws on psychological profiles case studies and insights from law enforcement to paint a complete picture of this controversial phenomenon You ll discover how digital technology has transformed eco terrorist operations examine the evolution of law enforcement responses and explore the broader implications for environmental activism and public safety What you will find in this book In depth analysis of eco terrorist group structures methods and motivations Psychological profiles revealing what drives individuals to environmental extremism Examination of digital age tactics and cyber warfare in environmental extremism Assessment of law enforcement strategies and corporate security measures Exploration of the ethical debates surrounding environmental direct action Investigation of global economic and political impacts Analysis of modern trends and emerging threats Strategic approaches to prevention and intervention Whether you re a law enforcement professional environmental activist security specialist or concerned citizen this book provides essential insights into one of today s most complex and controversial forms of extremism Understanding eco terrorism is crucial for anyone interested in the future of environmental activism and public safety in an age of escalating environmental challenges *Eco-Warriors, Nihilistic Terrorists, and the Environment* Lawrence E. Likar,2011-04-07 The first book to thoroughly address the topic this volume examines the ideologies tactics and goals of environmental terrorists and offers a security planning methodology to defend against their attacks To counter eco terrorism we must understand why it occurs *Eco Warriors Nihilistic Terrorists and the Environment* is a comprehensive examination of the vulnerability of the natural environment of its nexus with the strategic goals of terrorists and of a security planning methodology that can prevent or ameliorate environmentally linked attacks The first book to comprehensively address the prevention of environmentally focused terrorism this work looks at the environment and the private and government facilities that impact it as assets to be protected Focusing on the capability of lone wolf terrorists and small self radicalizing cells to commit effective violent acts security expert Lawrence E Likar furnishes personality and operational profiles of both nihilistic and eco warrior terrorists showcasing an essential component

of the behavioral science based security planning methodology he promotes Most critically the book addresses the gap in current security planning methodology and literature and it reveals novel intelligence gathering techniques operational procedures and countermeasures designed to defend against attacks **Uncertain Security** Christopher J.
