then another 3 5 months to do the actual build to test my instructions I make tweaks to improve the instructions and add the photos I did a lot of research and didn't see anything this detailed about a model build Most articles or videos concentrate on parts of their build or just give a summary review I wanted to go down to the piece level and take you thru the whole build Anyway I hope you find this book useful See a 16 page sample along with photos of finished models and other books at [glennhoovermodels.com](http://glennhoovermodels.com)
