Essential Church Essential Church:

Essential Church? Thom S. Rainer, Sam S. Rainer, 2008 Why do so many young adults 18 to 22 leave the church and what will it take to bring them back This important question is examined and duly answered in Essential Church a follow up to Thom S Rainer s best selling Simple Church cowritten this time with his son research expert Sam Rainer The book is based on a study of one thousand so called church dropouts who were interviewed about why they left Their answers are quite surprising having less to do with losing their religion and more about the desire for a community that isn t made stale by simply maintaining the status quo In turn the Rainers offer churches four concrete solutions toward making their worship community an essential part these young people s lives again Simplify develop a clear structure and process for making disciples Deepen provide strong biblical teaching and preaching Expect let members know the need for commitment to the congregation Multiply emphasize evangelism outward focus and starting new churches Essential Church Diane Leclerc, Mark A. Maddix, 2014-05 A more ambiguous word than this the Church is scarce to be found in the English Language John Wesley With so many denominations and differing ideas about what the church is and does arriving at a clear understanding of the church is a formidable challenge The pastors and educators who have contributed to this book explore the meaning purpose and function of the church as well as its structure They address topics such as the kingdom of God worship and mission in relation to the body of Christ and give special attention to Wesleyan theological concerns This theology of the church is an accessible resource for anyone minister or layperson who desires a better grasp of the church This stimulating ecclesiology is a valuable addition to any theological library **Miles Vision of an Essential Church - 140 Years Later** Prophet Mbong, 2011-05 Essential Church History Adam Murrell, 2010-12-09 Essential Church History is an interesting informative and consistently readable narrative of the church It brings to life central people and dramatic events that shaped the Christian religion including the formation of the canon the Arian controversy the Crusades and the Reformation period Adam Murrell skillfully shows how the Bible the believer s ultimate authority must remain at the forefront in order for the church to be guided into truth When that authority is abandoned or forsaken however the consequences are always devastating as witnessed in the errors of Arianism Pelagianism holy wars the moral bankruptcy of the medieval church and liberal Protestantism Essential Church History will serve as a fascinating introduction to the panoramic history of Christianity all the while providing biblical truths for students and teachers of church history for pastors and for general readers Small Church Essentials Karl Vaters, 2018-03-06 Do you lead a small church Big churches get all the love Articles books conferences they mostly feature leaders of large congregations Yet big churches are a small part of the ecclesial landscape In fact more than 90 percent of churches have fewer than 200 people That means small churches play a big part in what God is doing Small Church Essentials is for leaders of these smaller congregations It encourages them to steward their role well debunking myths about small churches while offering principles for leading a dynamic healthy small

church Based on the popular six hour lecture that Karl Vaters delivers to church leaders across the country Small Church Essentials will affirm small church leaders and show them how to identify what they do well and how to do it even better Readers will Be assured that leading a small congregation does not make them ministry failures Come away inspired to lead with passion regardless the size of their church Have field tested principles for leading a church in their context Possess new metrics for biblically measuring vitality in small churches Have a toolkit of resources to use in their everyday ministry Karl Vaters has been a small church pastor for 30 years is the author of The Grasshopper Myth Big Churches Small Churches and the Small Thinking that Divides Us 2013 and travels extensively to churches and conferences to speak about leading a small church well If you are pastoring a small church this book will be a breath of fresh air It will affirm your calling while giving you fresh tools to help you lead It will help you Stop believing lies about small churches Lead your church to fulfill the role only small churches can Understand your congregation s strengths and weaknesses Turn around a dying or unhealthy church Identify good trends and bad in church and culture **Essentials of the Christian Faith** Robin J. Wood Sr.,2025-12-01

New Christians always have questions as they embark on a faith based journey Those who have been saints for a while probably have even more questions Those who have never begun a life of faith in Christ may also be facing barriers that need answers So what are the essentials of the Christian faith and how can we apply them to modern life Robin draws on his Biblical literacy theological studies and personal experiences gathered from his fifty plus years as a believer in Christ to share essential truths that address the many questions Christians often ask such as How do I choose a church Who wrote the Bible Why are there so many denominations How can I tell if a church is a cult How do I pray and receive answers Robin shares a practical filter to determine truth from error He discusses concepts based on several factors that include true and false teachings details about how essential Christian doctrine was determined how the Bible was developed how to study the Bible and how we receive answers to prayers Essentials of the Christian Faith shares time tested insights that examine the essentials of Christianity and answer the deep questions that often accompany a faith journey **Our Oneness in Christ**

Ian Johnson,Lauston Stephens,2006-12-26 This book starts by establishing that all believers in Christ are already in fact one with each other in Christ This leaves us with the challenge not of creating unity where it does not exist but of living consistently with the oneness that already exists The first section explains why living consistently with our oneness is important including God s commands and expectations the benefits of living in oneness and the hazards of living contrary to the truth Part two explains what oneness is and is not including the concepts that oneness is a harmony of diverse believers each doing their own part not unison unanimity or strict conformity to the same mold The third section deals with practical barriers to living in oneness selfishness misunderstandings heresy and incorrect understanding of the origin of the organizational divisions in the universal Church and suggests how to overcome them Church Quarterly Review ,1878
