*Management* Pooja Deshmukh, 2023-01-13 In the era of exponential advancement in technology and increasing globalization, marketing professionals need to run a neck-to-neck race with their competitors to gain and maintain a competitive advantage. Marketing students and professionals need to learn the skills of marketing as applicable to this intense competitive environment. However, only a few marketing management books truly capture and explain the concepts of marketing in an easily understandable and crisp manner. This book has been written to present the basics in a very lucid manner. It covers topics that are vital for the fundamental understanding of marketing. The contents of this book cover the curriculum applicable in a large number of universities at the UG and PG levels. Some case studies have been included for illustrating the application of the concepts of marketing. **Essentials of Marketing** Edmund Jerome McCarthy, Andrew A.
