Atkinson,2018-08-18 The term Psychomancy pronounced sy ko man see is derived from two Greek words the first psycho meaning the soul the mind the understanding and generally used to indicate psychic or unusual powers of the soul or mind the second word mancy meaning to divine to foresee or foreknow to detect secret things and in occult parlance to sense or to receive impressions by the Astral Senses So the word as we use it may be said to mean Psychic Sensing and in this work will be so used The word Psychomancer means one practicing Psychomancy and the word Psychomantic means relating to Psychomancy The word Clairvoyance is frequently used by people to designate some of the phases of Psychomancy but strictly speaking this term is incorrect when used in this sense the true occult meaning of the word Clairvoyance being transcendental vision or the perception of beings on another plane of existence the seeing of disembodied souls elementals etc And so in this work we shall consider the true phenomena of Clairvoyance as distinct from that of Psychomancy In this work we shall regard as the true phenomena of Psychomancy all the various phenomena known as Psychometry Crystal Gazing Perceiving Distant Scenes a perception of Past Events and Indication of Future Events either in the full waking state the state of reverie or the state of dreams And so this work will examine consider and explain the various phases of

phenomena above indicated in short the phenomena of sensing objects by means of Astral Senses omitting the phenomena of Clairvoyance or seeing disembodied souls etc which we regard as belonging to a different phase of the general subject and which require special consideration and examination We will cover the following topics in their own separate lesson The Nature of Psychomancy How to Develop Yourself Simple Psychomancy The Astral Tube Psychometry Crystal Gazing Astral Projection Space Psychomancy Past Time Psychomancy Future Time Psychomancy and Dream Psychomancy     **Practical Psychomancy and Crystal Gazing** William Walker Atkinson,2020-09-29 The word Clairvoyance is frequently used by people to designate some of the phases of Psychomancy but strictly speaking this term is incorrect when used in this sense the true occult meaning of the word Clairvoyance being transcendental vision or the perception of beings on another plane of existence the seeing of disembodied souls elementals etc And so in this work we shall consider the true phenomena of Clairvoyance as distinct from that of Psychomancy In this work we shall regard as the true phenomena of Psychomancy all the various phenomena known as Psychometry Crystal Gazing Perceiving Distant Scenes a perception of Past Events and Indication of Future Events either in the full waking state the state of reverie or the state of dreams And so this work will examine consider and explain the various phases of phenomena above indicated in short the phenomena of sensing objects by means of Astral Senses omitting the phenomena of Clairvoyance or seeing disembodied souls etc which we regard as belonging to a different phase of the general subject and which require special consideration and examination     *Practical Psychomancy and Crystal Gazing* William Walker Atkinson,2016-10-17 A Course of Lessons on The Psychic Phenomena of Distant Sensing Clairvoyance Psychometry Crystal Gazing Etc     **Practical Psychomancy and Crystal Gazing** William Atkinson,2013-10-16 A Course of Lessons on The Psychic Phenomena of Distant Sensing Clairvoyance Psychometry Crystal Gazing Etc     **Psi Wars** James E.
