McGlohlen, 2017-11-11 The intended audience of this book are those who are called to work in oppressive regions of the world particularly journalists missionaries and liberators who find themselves in an asymmetric fight The content inside does not derive from any one nation or organization's methods but a culmination of many It pulls from governmental criminal and militant techniques without regard to nationality Topics of study include creating covers counter surveillance establishing caches planning and executing urban rural and vehicular meetings planning ratlines and appropriate use of technology to augment clandestine communications The Official CIA Manual of Trickery and Deception H. Keith Melton, Robert Wallace, 2009-11-03 Magic or spycraft In 1953 against the backdrop of the Cold War the CIA initiated a top secret program code named MKULTRA to counter Soviet mind control and interrogation techniques Realizing that clandestine officers might need to covertly deploy newly developed pills potions and powders against the adversary the CIA hired America's most famous magician John Mulholland to write two manuals on sleight of hand and undercover communication techniques In 1973 virtually all documents related to MKULTRA were destroyed Mulholland's manuals were thought to be among them until a single surviving copy of each complete with illustrations was recently discovered in the agency's archives The manuals reprinted in this work represent the only known complete copy of Mulholland's instructions for CIA officers on the magician's art of deception and secret communications Ultimate Spy H Keith Melton, 2009-09-21 Ultimate Spy Enhanced provides a unique opportunity to enter the secret world of espionage revealing the stories of famous spies recounting tales of famous spy operations and showing an amazing range of spy paraphernalia Throughout history espionage has been used as a means of trying to gain advantage over the enemy Ultimate Spy Enhanced outlines the early history of espionage It then goes to examine key spying operations during the American Civil War through both World Wars and the Cold War up to the present

Agents of Subversion John P. Delury,2022-10-15 Agents of Subversion reconstructs the remarkable story of a botched mission into Manchuria showing how it fit into a wider CIA campaign against Communist China and highlighting the intensity and futility of clandestine operations to overthrow Mao In the winter of 1952 at the height of the Korean War the CIA flew a covert mission into China to pick up an agent Trained on a remote Pacific island the agent belonged to an obscure anti communist group known as the Third Force based out of Hong Kong The exfiltration would fail disastrously and one of the Americans on the mission a recent Yale graduate named John T Downey ended up a prisoner of Mao Zedong s government for the next twenty years Unraveling the truth behind decades of Cold War intrigue John Delury documents the damage that this hidden foreign policy did to American political life The US government kept the public in the dark about decades of covert activity directed against China while Downey languished in a Beijing prison and his mother lobbied desperately for his release Mining little known Chinese sources Delury sheds new light on Mao s campaigns to eliminate counterrevolutionaries and how the chairman of the Chinese Communist Party used captive spies in diplomacy with the West Agents of Subversion is

an innovative work of transnational history and it demonstrates both how the Chinese Communist regime used the fear of special agents to tighten its grip on society and why intellectuals in Cold War America presciently worried that subversion abroad could lead to repression at home The Determined Spy Douglas Waller, 2025-04-08 From Douglas Waller New York Times bestselling author of *Wild Bill Donovan* an intimate and expertly researched biography of little known early CIA leader Frank Wisner whose behind the scenes influence on Cold War policy and hundreds of highly secret anti Soviet missions resonates with the international crises we see today Frank Wisner was one of the most powerful men in 1950s Washington though few knew it Reporting directly to senior U S officials his work largely hidden from Congress and the public Wisner masterminded some of the CIA s most daring and controversial operations in the early years of the Cold War commanding thousands of clandestine agents around the world Following an early career marked by exciting escapades as a key World War II spy under General William Wild Bill Donovan Wisner quickly rose through the postwar intelligence ranks to lead a newly created top secret unit tasked under little oversight with overseeing massive propaganda economic warfare sabotage subversion and guerrilla operations all over the world including such daring initiatives as the CIA backed coups in Iran and Guatemala But simultaneously Wisner faced a demon few at the time understood bipolar disorder When this debilitating disease resulted in his breakdown and transfer to a mental hospital the repercussions were felt throughout Washington s highest levels of power Waller s sensitive and exhaustively researched biography is the riveting story of both Frank Wisner as a national figure who inspired a cadre of future CIA secret warriors and also an intimate and empathetic portrait of a man whose harrowing struggle with bipolar disorder makes his impressive accomplishments on the world stage even more remarkable **The Official CIA Manual of Trickery and Deception** H. Keith Melton, Robert Wallace, 2009-11-03 Once a top secret training manual for CIA field agents in the early Cold War Era of the 1950s *The Official CIA Manual of Trickery and Deception* is now available to the general public An amazing historical artifact this eye opening handbook offered step by step instructions to covert intelligence operatives in all manner of sleight of hand and trickery designed to thwart the Communist enemy Part of the Company s infamous MK ULTRA a secret mind control and chemical interrogation research program this legendary document the brainchild of John Mulholland then America s most famous magician was believed lost forever But thanks to former CIA gadgeteer Bob Wallace and renowned spycraft historian H Keith Melton *The Official CIA Manual of Trickery and Deception* is now available to everyone spy and civilian alike **United States of America V. Kampiles** ,1981 **Merchants of Treason** Thomas B. Allen, Norman Polmar, 1988 *Spy Hunter* Robert W. Hunter, Lynn Dean Hunter, 1999 Hunter a foreign counterintelligence agent for the FBI was lead investigator in the case against master spy John Walker who led what top officials called the most damaging espionage ring in US history He presents an insider s account of the detection pursuit and capture of the US Navy communications expert and his partners in espionage This work is the first to discuss interviews with Walker s relatives with judges and prosecutors involved in the case and with the KGB
