Ambedkar Bhimrao Ramji Ambedkar, 2002 Providing an important introduction this book is a compilation of judiciously selected thoroughly edited writings of B R Ambedkar It serves as an excellent guide to the evolution of his thought and should be a ready reference on Ambedkar s most important works for students and researchers of political science history and sociology It will also interest all those who deal with scheduled castes tribes and social classes

*The Essential Writings of B.R. Ambedkar* O. Shuraj, 2013      **The Essential Ambedkar** Bhimrao Ramji Ambedkar, 2017 Selected from previously published multi volume work titled Dr Babasaheb Ambedkar writings and speeches      Prophetic Wisdom Charles R. Strain, 2024-06-01 Classical Buddhism lacked an understanding of systemic injustice and its contribution to collective suffering Despite the teaching of impermanence classical Buddhist schools viewed social institutions as given and offered no path to social transformation Today Buddhists are shaped by multiple religious and secular traditions including those stemming from the Hebrew prophets The prophetic tradition offers a socially and religiously powerful concept the concept of justice that reconfigures the Buddhist dharma In a time of unparalleled peril Buddhists are challenged as never before to turn wisdom into strategic action to foster systemic social change Compassion is not enough Prophetic Wisdom shows how Engaged Buddhists can expand their understanding of the causes of collective suffering and develop nonviolent means for social transformation through a dialectic of love power and justice It concludes by confronting the poison of racism in the American body politic      **The Oxford Handbook of Religion and Economic Ethics** Albino Barrera, Roy C. Amore, 2024 This innovative collection of essays draws together and compares the teachings of world and regional religions on the subject of economic morality      **Classical Buddhism, Neo-Buddhism and the Question of Caste** Pradeep P. Gokhale, 2020-10-21 This book examines the interface between Buddhism and the caste system in India It discusses how Buddhism in different stages from its early period to contemporary forms Therav da Mah y na Tantray na and Navay na dealt with the question of caste It also traces the intersections between the problem of caste with those of class and gender The volume reflects on the interaction between Hinduism and Buddhism it looks at critiques of caste in the classical Buddhist tradition while simultaneously drawing attention to the radical challenge posed by Dr B R Ambedkar s Navay na Buddhism or neo Buddhism The essays in the book further compare approaches to var a and caste developed by modern thinkers such as M K Gandhi and S Radhakrishnan with Ambedkar s criticisms and his departures from mainstream appraisals With its interdisciplinary methodology combining insights from literature philosophy political science and sociology the volume explores contemporary critiques of caste from the perspective of Buddhism and its historical context By analyzing religion through the lens of caste and gender it also forays into the complex relationship between religion and politics while offering a rigorous study of the textual tradition of Buddhism in India This book will be useful to scholars and researchers of Indian philosophy Buddhist studies Indology literature especially Sanskrit and P li exclusion and

discrimination studies history political studies women studies sociology and South Asian studies      *Tools of Justice* Kalpana Kannabiran, 2013-02-01 In the years since independence the Indian subcontinent has witnessed an alarming rise in violence against marginalized communities with an increasing number of groups pushed to the margins of the democratic order Against this background of violence injustice and the abuse of rights this book explores the critical insurgent possibilities of constitutionalism as a means of revitalising the concepts of non discrimination and liberty and of reimagining democratic citizenship The book argues that the breaking down of discrimination in constitutional interpretation and the narrowing of the field of liberty in law deepen discriminatory ideologies and practices Instead it offers an intersectional approach to jurisprudence as a means of enabling the law to address the problem of discrimination along multiple intersecting axes The argument is developed in the context of the various grounds of discrimination mentioned in the constitution caste tribe religious minorities women sexual minorities and disability The study draws on a rich body of materials including official reports case law and historical records and uses insights from social theory anthropology literary and historical studies and constitutional jurisprudence to offer a new reading of non discrimination This book will be useful to those interested in law sociology gender studies politics constitutionalism disability studies human rights social exclusion etc      **Disobedience**

Elena Loizidou, 2013-10-30 Disobedience has been practiced and considered since time immemorial The aim of this edited collection is to explore the concept and practice of disobedience through the prism of contemporary ideas and events Past writings on disobedience represented it as a largely political practice that revealed the limits of government or law It was not for example thought of as a subjective exigency and its discussion in relation to law and politics was tied to an unduly narrow conception of these terms Disobedience Concept and Practice reveals the multivalent multidisciplinary and poly local nature of disobedience The essays in this volume demonstrate how disobedience operates in various terrains and may be articulated in relation to textuality aesthetics and subjectivity as well as politics and law A rich and useful guide to current legal political and social possibilities this book provides a fresh perspective on a subject that is of both historical importance and contemporary relevance      **Caste and nature**

Mukul Sharma, 2017-09-25 Rarely do Indian environmental discourses examine nature through the lens of caste Whereas nature is considered as universal and inherent caste is understood as a constructed historical and social entity Mukul Sharma shows how caste and nature are intimately connected He compares Dalit meanings of environment to ideas and practices of neo Brahmanism and certain mainstreams of environmental thought Showing how Dalit experiences of environment are ridden with metaphors of pollution impurity and dirt the author is able to bring forth new dimensions on both environment and Dalits without valorizing the latter's standpoint Rather than looking for a coherent understanding of their ecology the book explores the diverse and rich intellectual resources of Dalits such as movements songs myths memories and metaphors around nature These reveal their quest to define themselves in caste ridden nature and building a form of environmentalism free from the burdens of caste The Dalits also pose a critical

challenge to Indian environmentalism which has until now marginalized such linkages between caste and nature Gandhi Marg ,2003 **Hinduism** Deepak Sarma,2008-01-14 Hinduism A Reader offers a comprehensive guide to this major world religion through a combination of passages from scriptures and excerpts from the work of leading scholars in the field Introduces students to the main textual regional intellectual philosophical historical and contemporary traditions of the Hindu faith Includes excerpts from both canonical ancient texts and thought provoking contemporary texts to offer a balanced overview of the religion Features selections that are concise without sacrificing essential material Provides clearly written introductions to each section that help situate the readings within the wider context of Hindu scholarship

Seminar ,2005 The Radical Humanist Manabendra Nath Roy,2008 **Social Sciences Research Journal** ,2015

**The Oxford Encyclopedia of the Modern World** Peter N. Stearns,2008 This multivolume encyclopedia includes articles on countries regions and ethnic groups themes involving social history demography family life politics economics religion thought education science and technology and culture and events such as major wars *The Political Sociology of Dalit Assertion* Prakash Louis,2003 The book attempts to identity the factors which respond against the age old bondage of diverse and varied discriminations and exploitations and build the Dalit Assertion for emancipation and determine the path for liberation **Pragmatist Variations on Ethical and Intercultural Life** Lenart Škof,2012 The book is a contribution to the fields of pragmatism intercultural philosophy and social and political ethics The argument in the book runs along two lines firstly four pragmatist philosophers William James John Dewey Richard Rorty and Roberto Mangabeira Unger are discussed by putting them into their respective intercultural contexts They are interpreted as philosophers that were are either explicitly or implicitly linked to some of the key tenets in comparative and or intercultural philosophy of the twentieth twenty first century Secondly the book looks to their particular works and discusses the role of the body and its important ethical potential In their respective contexts it looks at the possibilities for linking James Dewey Rorty and Unger to the original idea of the interculturally oriented ethical pragmatism In this endeavor the book also approaches the philosophies of Arthur Schopenhauer Luce Irigaray and Enrique Dussel in order to show their importance for a historical and contemporary feminist and intercultural global debate about the philosophy of American pragmatism The book concludes with two chapters i e with a discussion of Irigaray s ethical pragmatism and finally with some reflections on contemporary Slovenian and French philosophy Zizek Badiou as linked to the communism democracy controversy In both cases again pragmatist and intercultural methods are employed and the role of the body in their respective oeuvres is reflected **From the Colonial to the Postcolonial** Dipesh Chakrabarty,2007 This volume addresses some of the key issues marking the process of decolonization in India and Pakistan It looks at decolonization as a long term process and highlights some of the historical complications involved in nations born under the aegis of the colonial rule evolving into postcolonial polities It concentrates on particular aspects of the social and political processes involved in the transition from the colonial order to postcolonial
