Essentials Of Negotiation 2nd Canadian Edition:

Learning in Work Raymond Smith, 2018-04-11 This book explores and progresses the concept of negotiation as a means of describing and explaining individuals learning in work. It challenges the undertheorised and generic use of the concept in contemporary work learning research where the concept of negotiation is most often deployed as a taken for granted synonym for interaction, co-participation and collaboration and hence used to unproblematically account for workers learning as engagement in social activity. Through a focus on workers' personal practice and based on extensive longitudinal empirical research, the book advances a conceptual framework, The Three Dimensions of Negotiation, to propose a more rigorous and work learning specific understanding of the concept of negotiation. This framework enables workers' personal work practices and their contributions to the personal, organisational and occupational changes that evidence learning to be viewed as negotiations enacted and managed within contexts that are in turn sets of premeditated and concurrent negotiations that frame the transformations on and from which on going negotiations of learning and practice ensue. The book does not seek to supplant understandings of the rich and valuable concept of negotiation. Rather it seeks to develop and promote a more explicit use of the concept as a socio-personal learning concept at the same time as it opens alternative perspectives on its deployment as a metaphor for individual's learning in work.

When Things Happen at Work (Revised) Hugh J. Finlayson, 2022-08-19 THINGS HAPPEN AND THINGS HAPPEN AT WORK SOME GOOD SOME NOT SO More often than not a situation at work emerges as a tangle of what people think and believe to be so animated by differing perspectives on what happened, who or what caused it and what to do next. A puzzle of sorts and like all puzzles tests your ingenuity and knowledge. This tangle of circumstance is set against a familiar backdrop: the real organization, a web of employment rules, a need for information, can be characterized as a conflict of sorts necessitating a measure of negotiation and of course requiring a series of informed decisions. SO LET'S FIGURE OUT HOW TO MAKE WISE CHOICES. When Things Happen at Work: People, Circumstances and What to Do Now is a compendium, a collection of concise but detailed information about the interrelated conditions in which work and workplaces exist and events occur, conflict, the inevitable result of people associating with one another, negotiation to reconcile that conflict, our primary interpersonal decision making process and finally best practices to manage workplace incidents that invariably arise. A practical balance between theory and practice. When Things Happen at Work is a comprehensive guide on key employment matters. A mix of personal experience, pragmatism and theory makes When Things Happen at Work an essential resource for managers, human resource practitioners and those responsible for inquiring into and/or investigating matters at work.
