Sutton, 2021-03-16 Over a million copies sold worldwide The indispensable guide to understanding the world we make and the lives we lead This thoroughly revised and updated ninth edition remains unrivalled in its vibrant engaging and authoritative introduction to sociology The authors provide a commanding overview of the latest global developments and new ideas in this fascinating subject Classic debates are also given careful coverage with even the most complex ideas explained in a straightforward way Written in a fluent easy to follow style the book manages to be intellectually rigorous but still very accessible With a strong focus on interactive pedagogy it aims to engage and excite readers helping them to see the enduring value of thinking sociologically The ninth edition includes a solid foundation in the basics of sociology its purpose methodology and theories up to the minute overviews of key topics in social life from gender personal life and poverty to globalization the media and politics stimulating examples of what sociology has to say about key issues in our contemporary world such as climate change growing inequality and rising polarization in societies across the world a strong focus on global connections and the ways that digital technologies are radically transforming our lives quality pedagogical features such as Classic Studies and Global Society boxes and Thinking Critically reflection points as well as end of chapter activities inviting readers to engage with popular culture and original research articles to gather sociological insights The ninth edition sets the standard for introductory sociology in a complex world It is the ideal teaching text for first year university and college courses and will help to inspire a new generation of sociologists

**Essentials of Sociology** James M. Henslin, 2010-09-13 Essentials of Sociology A Down to Earth Approach is heralded by students and instructors alike as the most friendly and inviting introduction to sociology available James Henslin guides students on an intellectual voyage through through the sociological imagination helping them better understanding both themselves and their world With

humor personal reflection and illuminating examples he shares with readers his passion for sociology Six central themes run throughout the text down to earth sociology globalization cultural diversity critical thinking the new technology and the influence of mass media on everyday life Each of these themes is reflected in the central narrative in boxed features throughout the text and in MySocLab Essentials of Sociology A Down to Earth Approach 9th edition is the first edition of Henslin s to feature integration with MySocLab MySocLab now features diagnostic quizzing Social Explorer activities The Way We Live video activities links to The Social Lens blog and over 100 primary source readings

**The Wiley Blackwell Companion to Sociology** George Ritzer, Wendy Wiedenhof Murphy, 2019-12-16 The new updated edition of the authoritative and comprehensive survey of modern sociology The Wiley Blackwell Companion to Sociology Second Edition is an authoritative survey of the major topics current and emerging trends and contemporary issues in the study of human social relationships and institutions A collection of contributions from globally recognized scholars and experts explore the theoretical and methodological foundations of sociology new and established debates and the most current research in the field Broad in scope this book covers a multitude of topics ranging from crime urbanization sexuality and education to new questions surrounding big data authoritarian capitalism and the rise of nationalism Since the first edition of the Companion was published new developments have emerged and new problems have been created such as the omnipresence of social media political and institutional upheaval and the global refugee and immigration crises This revised and updated second edition describes and explains social changes that have occurred in the past several years both within the field of sociology and society as a whole Previous material has been updated to reflect current research while eleven new chapters address topics including feminist theory debt and social change and armed conflict and war This comprehensive volume Offers an engaging and accessible guide to the field of sociology revised and updated for the second edition Presents wide ranging comprehensive coverage of the discipline Explores issues of contemporary relevance such as digital media and consumption Reflects state of the art scholarship and contemporary debates New chapters for the second edition cover essential topics including feminist theory armed conflict big data authoritarian capitalism debt and social change and the rise of nationalism The Wiley Blackwell Companion to Sociology Second Edition is an invaluable resource for academics and graduate students researchers scholars and educators in the discipline of sociology and allied fields such as anthropology human geography political science and psychology

**Nationalism and Hegemony** Michaelangelo Anastasiou, 2022-04-19 This book develops a contemporary theory of nationalism that addresses 21st century political challenges exploring theoretical and empirical understandings of the concepts of the nation and nationalism and the failure of various theoretical accounts to decipher the diverse manner by which nationalism comes to be embedded in our social and political world Accounting for the dynamism and intertextuality of nationalism Nationalism and Hegemony shows how the nation and nationalism come to be consolidated as conceptual and experiential power structures and how the interests of political groups are advanced through diverse

nationalist modalities which can at any time be activated for political purposes A critique of the various and diverse manifestations of nationalism this contribution to both theory and political practice will appeal to scholars working in the fields of sociology and social and political theory     *Essentials of Sociology* Anthony Giddens,2008 Regarded as the most authoritative introduction to contemporary sociology *Essentials of Sociology* adds a new author to its team with the Second Edition     **Alternative Sociologies of Religion** James V Spickard,2018-03-06 Uncovers what the sociology of religion would look like had it emerged in a Confucian Muslim or Native American culture rather than in a Christian one Sociology has long used Western Christianity as a model for all religious life As a result the field has tended to highlight aspects of religion that Christians find important such as religious beliefs and formal organizations while paying less attention to other elements Rather than simply criticizing such limitations James V Spickard imagines what the sociology of religion would look like had it arisen in three non Western societies What aspects of religion would scholars see more clearly if they had been raised in Confucian China What could they learn about religion from Ibn Khaldun the famed 14th century Arab scholar What would they better understand had they been born Navajo whose traditional religion certainly does not revolve around beliefs and organizations Through these thought experiments Spickard shows how non Western ideas understand some aspects of religions even of Western religions better than does standard sociology The volume shows how non Western frameworks can shed new light on several different dimensions of religious life including the question of who maintains religious communities the relationships between religion and ethnicity as sources of social ties and the role of embodied experience in religious rituals These approaches reveal central aspects of contemporary religions that the dominant way of doing sociology fails to notice Each approach also provides investigators with new theoretical resources to guide them deeper into their subjects The volume makes a compelling case for adopting a global perspective in the social sciences     *Introduction to Sociology* Emory Stephen Bogardus,1917     **Essentials of Sociology, 7e with Media Access Reg Card + Readings for Sociology, 9e** Richard P Appelbaum,Deborah Carr,Mitchell Duneier,Anthony Giddens,Garth Massey,Timothy O'Brien,2019-07-17

Forthcoming Books Rose Arny,2000     **Prejudice in the Press?** George Yancey,Alicia L. Brunson,2018-11-27 Charges of fake news tend to be politically motivated whether made by Republicans or Democrats Yet the potential for media bias is real and deserves an honest assessment Using an audit technique providing journalists with similar scenarios but altering key details the authors evaluate whether reporters and editors write different narratives depending on the characteristics of the principle issues in the story The results indicate that race gender sexuality and religion have little effect on whether a story will be covered but do color the story that is written Data suggest that news personnel may be operating in ways that promote progressive political leanings The results of this study are important for journalists seeking to move closer to objective standards of reporting     **Cumulated Index to the Books** ,1999     Essentials of Sociology James M.
