IN SWIPED. Adam Levin, a consumer advocate with more than forty years of experience and the chairman and founder of Identity Theft 911, has written an essential guide to keeping yourself calm in the digital world. With more than a billion personal records already stolen, we all need a plan for how to react if our information is compromised. Levin has seen every scam under the sun: criminal, medical, and child-identity theft; emails that promise untold riches for some personal information; catfishers; tax fraud; fake debt collectors; and much more.

As Levin shows, these folks get a lot less scary if you see them coming. With a clearheaded, practical approach, *Swiped* is your guide to surviving the identity theft epidemic. Even if you've already become a victim, this strategic book will help you protect yourself, your identity, and your sanity.

The average victim loses more than 6,000 and spends approximately 600 hours negotiating the complex bureaucracies and paperwork. This book will help save time and effort by laying out the process. And by following the advice in the first half, you may never need the second. You'll learn how to avoid the most common scams from phishing to dumpster diving, why children under eighteen are the fastest growing target and how you can protect your family, why your credit report is the single most important document for protecting your identity, how to use the sample letters, forms and other useful tools inside for recovering from identity theft. In today's marketplace, your two most valuable assets are your credit and your identity. No one should be without this vital guide to protecting them.

The Online Identity Theft Prevention Kit Atlantic Publishing Co., 2008. Identity theft can be devastating, reaching into every transaction you attempt until you clear your name and credit. You may be rejected for loans, job opportunities and housing because of your ruined credit. You can even be arrested for crimes that you did not commit. You can, however, reduce your chances of becoming a victim of identity theft.

Identity Theft Ethan Pope, 2006-05-01. The third book in Pope's Financial Alert series, this very real and highly relevant topic is already making headlines and affecting even the most unsuspecting people.
