**Papa Bear** Jeff Davis, 2004-11-21 The first truly comprehensive biography on George Halas the father of professional football The founder of the National Football League and father of the Chicago Bears George Halas single handedly changed the way Americans spend their Sundays Papa Bear tells the incredible story of how one man grabbed an outlaw game by the throat shook it up and made it into the richest and most popular spectator sport on the planet Nearly 20 years after his death Halas remains one of the towering figures of professional sports rivaling the legendary Vince Lombardi yet there has never been an authoritative biography published about this great American success story At last Papa Bear fills that gap Written with unprecedented access to Halas s family his closest friends and associates this thoroughly researched account includes exclusive interviews and a treasure trove of never published archival materials on the Hall of Famer and his enduring legacy

Swann's Way Marcel Proust, 2024-07-09 For a long time I used to go to bed early Sometimes when I had put out my candle my eyes would close so quickly that I had not even time to say I m going to sleep And half an hour later the thought that it was time to go to sleep would awaken me I would try to put away the book which I imagined was still in my hands and to blow out the light I had been thinking all the time while I was asleep of what I had just been reading but my thoughts had run into a channel of their own until I myself seemed actually to have become the subject of my book a church a quartet the rivalry between Fran ois I and Charles V This impression would persist for some moments after I was awake it did not disturb my mind but it lay like scales upon my eyes and prevented them from registering the fact that the candle was no longer burning Then it would begin to seem unintelligible as the thoughts of a former existence must be to a reincarnate spirit the subject of my book would separate itself from me leaving me free to choose whether I would form part of it or no and at the same time my sight would return and I would be astonished to find myself in a state of darkness pleasant and restful enough for the eyes and even more perhaps for my mind to which it appeared incomprehensible without a cause a matter dark indeed I would ask myself what o clock it could be I could hear the whistling of trains which now nearer and now farther off punctuating the distance like the note of a bird in a forest shewed me in perspective the deserted countryside through which a traveller would be hurrying towards the nearest station the path that he followed being fixed for ever in his memory by the general excitement due to being in a strange place to doing unusual things to the last words of conversation to farewells exchanged beneath an unfamiliar lamp which echoed still in his ears amid the silence of the night and to the delightful prospect of being once again at home
