

FOUNDATIONS OF INTERNATIONAL ECONOMIC LAW

DAVID COLLINS

Economic Foundations Of International Law

Jagdeep S. Bhandari, Alan O. Sykes

Economic Foundations Of International Law:

Foundations of International Economic Law David Collins,2019-12-27 This introductory textbook explores the key legal principles and institutions that underpin the global economy Featuring discussion of the economic rationale and social impact of the various legal regimes Professor David Collins explores the four main pillars in international economic law international trade international investment monetary relations and development *Economic Foundations of International Law* Eric A. Posner,A. O Sykes,2013-01-01 Exchange of goods and ideas among nations cross border pollution global warming and international crime pose formidable questions for international law Two respected scholars provide an intellectual framework for assessing these problems from a rational choice perspective and describe conditions under which international law succeeds or fails Book Review Shen Wei,2013 There are various ways of understanding interpreting and theorising international law For instance Kelsen founded a method of jurisprudence that was critical of ideology the so-called pure theory of law This is a method allowing jurists to engage with law as a subject of study in a non political and purely scientific manner As a result international law could be regarded as a single and self entailing system Lasswell and McDougal developed a sociological approach to integrate the conceptualising of international society and law into the conceptualising of social process in general Allott tried a pure jurisprudential and philosophical way of remoulding international law in a new global order This article reviews Posner and Sykes new book *Economic Foundations of International Law* and tries to understand whether a law and economics approach makes sense in understanding international law *A Landscape of Contemporary Theories of International Law* Emmanuel Roucouas,2019-09-16 This rich and remarkable volume offers an overview of the most important schools movements and trends which make up the theoretical landscape of contemporary international law as well as the works of over 500 authors It moves beyond generalization and examines how the relevant literature deals with the basic issues of the international legal system such as international obligations legitimacy compliance unity and universality the rule of law human rights use of force and economics It offers insights into the addressees the state international organizations individuals and other private persons and the construction of international law including law making the relationship between norms and interpretation Moreover it widens the discourse by addressing old yet enduring as well as new concerns about the functioning of the international legal system and presents views of non international lawyers and political scientists regarding that system It is a valuable analysis for researchers students and practitioners *Foundations of International Economic Law* David Collins,2025-01-09 This second edition provides an updated exploration of the four main pillars in international economic law international trade international investment monetary relations and development David Collins has adapted all chapters to illustrate recent developments in the field and provides a thorough discussion of the economic rationale and social impact universal legal concepts **The Economic Foundations of Peace** James Louis Garvin,1919 *Economic Dimensions in International*

Law Jagdeep S. Bhandari, Alan O. Sykes, 1997 Each of the chapters was presented at a conference in the spring of 1995 sponsored by Duquesne University and George Mason University Pref **Proceedings of the American Society of International Law at Its ... Annual Meeting** American Society of International Law, American Society of International Law. Annual Meeting, 1916 International Law Charles Ghequiere Fenwick, 1924 The author presents fundamental principles of international law and the leading features of its practice The development of international law and the application of its general principles to concrete situations are discussed This early twentieth century interwar publication also explores laws of war and neutrality **The American Journal of International Law**, 1920 Vols for 1970 include American Society of International Law Proceedings no 64 **Principles of International Economic Law** Matthias Herdegen, 2016-09-29 Principles of International Economic Law provides a comprehensive overview of the central topics in international economic law with an emphasis on the interplay between the different economic and political interests on both the international and domestic levels Following recent tendencies the book sets the classic topics of international economic law like WTO law investment protection commercial law and monetary law in context with aspects of human rights environmental protection and the legitimate claims of developing countries The book draws a concise picture of the architecture of international economic law with all its complexities without getting lost in fragmented details Providing a perfect introductory text to the field of international economic law the book thoroughly analyses legal developments within their wider political economic or social context Topics covered range from codes of conduct for multinational enterprises to the human rights implications of the exploitation of natural resources The book demonstrates the economic foundations and economic implications of legal frameworks It puts into profile the often complex relationship between on the one hand international standards on liberalization and economic rationality and on the other state sovereignty and national preferences It describes the new forms of economic cooperation which have developed in recent decades such as the growing number of transnational companies in the private sector and forms of cooperation between states such as the G8 or G20 This fully updated second edition covers new aspects and developments including the growing importance of corporate social responsibility mega regional agreements like CETA TTIP and TPP trade and investment related aspects of human rights law **The League of Nations, the Principle and the Practice** Stephen Duggan, 1919 *The Essentials of International Public Law and Organization* Amos Shartle Hershey, 1927 **Proceedings of the American Society of International Law at Its ... Annual Meeting** American Society of International Law. Annual Meeting, 1934 List of members in each vol *The American Political Science Review* Westel Woodbury Willoughby, John Archibald Fairlie, Frederic Austin Ogg, 1924 American Political Science Review APSR is the longest running publication of the American Political Science Association APSA It features research from all fields of political science and contains an extensive book review section of the discipline State Responsibility in International Law René Provost, 2002 The legal nature of international law is continually called into question

In providing pieces of the answer the law of state responsibility occupies a central place in international law The articles selected here represent significant and influential analyses of this area of law **The Development of International Law After the World War** Otfried Nippold,1923 **Foundations of the Republic** United States. President (1923-1929 : Coolidge),1926 **Michigan Journal of International Law** ,2012 *Catalogue of the Free Public Library* Public Library of New South Wales,1902
